NUMBER 35

LIQUOR PROFITS DIVIDED ON OLD CENSUS

Provincial Enumeration Of 1928 Not Taken Into Account In Computing Kelowna's Share

All the members of the City Council were in attendance at the regular session, held on Tuesday evening, on account of the Canadian Club dinner, at which Col. T. A. Hiam spoke, taking place on Monday, the regular meeting night of the Council.

Letters received from Hon. W. C. Shelly, Minister of Finance, and Hon. J. W. Jones, Speaker, threw light upon the question that had been worrying the Council as to the method of allotment of Kelowna's share of liquor profits, pari-mutuel taxes and licences for motor vehicles. In the face of the results of the census taken under provincial auspices in 1928, Kelowna, although the largest city in the Okanagan, fared worse than her neighbours in the apportionment, and there would seem to be little redress in sight until the Dominion census of 1931 establishes a new factor of computation.

The letter from the Minister of Finance was as follows:

"Victoria, B. C., March 27, 1930.

"The City Clerk,

City of Kelowna.

"Dear Sir,

"I beg to acknowledge receipt of your letter of the 24th inst. relating to above mentioned payments (liquor profits, etc.), and in this connection I would point out that in accordance with the provisions of the Statutes, distribution of that portion of liquor profits to municipalities is made pursuant to a certificate rendered to this office by the Superintendent of Education, on the basis adopted being the number of school days attendance by pupils within the various organized areas; therefore, this distribution must be in equity, as it is applicable to each municipality, and in accordance with the yearly certificate rendered.

"In connection with the distribution of the liquor profits and pari-mutuel taxes, whilst it is admitted that a small number of municipalities had new censuses taken, large centres such as Vancouver and a number of adjacent municipalities did not avail themselves of this opportunity, so much so that it was impossible for this Department to effect distribution on a general revised census basis. Therefore, it was necessary to revert to the original 1921 census until such time as the Dominion 1931 census had taken place. It should be remembered that computations show that if the new estimated basis had been taken into consideration, the great increase to which the larger centres had become subject would have materially reduced the amount distributable to the lesser centres.

"Yours truly,

"W. C. SHELLY."

The letter from Hon. J. W. Jones gave practically the same explanation, which he had received from the Minister of Finance, supplemented by the following:

"The Chief Clerk, however, informs me that another Dominion census will be taken next year, and then there will have to be a different arrangement worked out. The whole matter is in the process of evolution, and I presume some other principle will be arrived at. He acknowledges that Kelowna with her present population should receive more than what she does now, but that would upset the majority of payments made to other places. He informs me that Kelowna is not the only city who is complaining of this basis of payment. The matter is being put into, and I am hoping that I will be able to secure several schedules to take home in order that I may be able to work at them during this coming summer."

Requests For Grants

Board Of Trade

Requests for grants bulked largely in the business of the evening, the first being presented in person by a strong deputation from the Board of Trade, headed by Mr. T. G. Norris, President, who was accompanied by Messrs. H. F. Rees, A. J. Hughes and L. R. Stephens. Mr. Norris briefly introduced Mr. Rees as chairman of the Finance Committee of the Board, both gentlemen in their remarks congratulating the Council upon the improved appearance of the Council Chamber following its redecoration and rearrangement and indulging in pleasant remarks as to the evidence of plenty of money in the treasury when such betterments had been possible.

Assuming a more serious tone, Mr. Rees said the members of the Board were quite cognizant of the fact that the Council had to wrestle with difficult financial problems and did not wish to add to their burdens but to assist them as much as possible. At the same time, the Board performed certain functions in regard to public health matters which could not be suffered to languish for lack of funds. Hence the amount of civic grant which the Board requested this year would be \$1,150. Giving details of the expenditures on publicity and entertainment, he pointed out that during the past five years the Board had spent about \$300 in addition to the civic grant for these purposes, not counting the overhead expenses, a share of which should be carried by publicity. Some years less than the grant had been

CONVENTION OF HORTICULTURAL COUNCIL

Mr. F. A. Lewis, B. C. Vegetable Representative, Reports On Proceedings At Ottawa

Vernon, B.C., April 1st, 1930. I submit herewith my report as Vegetable Representative to the Canadian Horticultural Council, which held its eighth annual convention at the Chateau Laurier, Ottawa, on March 4th, 5th and 6th.

Contributions To The Council

As your representative, I enquired as to how levies, if any, were made by the Council. I was informed by the Secretary that, while no definite sums were arbitrarily set, the associations, members of the Council, were called upon to contribute as nearly as possible in ratio to their ability to pay, and that the same ratio was made applicable as between Provinces, taking into consideration their several provincial interests in those matters coming under the purview of the Council. Following is a comparative statement of the totals contributed during 1929 by the provinces, Canadian Growers and Associations, that can only be considered as national in scope: National, \$599.99; Jobbers, \$450.00; Nova Scotia, \$500.00; New Brunswick, \$75.00; Quebec, \$475.00; Ontario, \$725.00; B. C., \$700.00.

This makes a grand total of \$3,524.99 fees paid to the Council for the year ending January 31st, 1930. In this amount, however, is a sum of \$250.00 paid by the Canadian Growers during 1928. Any further detailed information on this subject will be gladly supplied upon request by the Secretary of the Council or secured by the writer.

Since the above was written, I have a letter from Mr. Burrows, informing me that the Canadian Growers have sent a cheque for \$250.00, same being their contribution for the year 1929.

Resolutions

As the Vegetable Representative for British Columbia, I will confine my report to those resolutions dealing with vegetables or of primary interest to vegetable growers.

Tomatoes

The resolution on tomato grades was lost in committee, your representative being the only member of the committee in favor of any lowering of the present grade requirements. I will deal with this further under "Inspection."

Potatoes

This resolution, sponsored by the Jobbers Association, was endorsed by all but the Nova Scotia representatives.

Celery

It was decided that it would be unwise to make compulsory the use of a uniform celery crate for imported celery.

Inspection

At all sessions of the convention, representatives of the Department of Agriculture were present, and during the discussion that ensued, the whole subject of inspection they were made fully cognizant of the wishes of the growers with respect to the necessity of paying salaries to inspectors commensurate with the responsibilities incurred and technical knowledge required. Your representative received one hundred per cent support from all present when he informed the Fruit Commission that the growers of British Columbia felt that the whole question of inspectors and salaries of same should receive the Department's undivided and immediate attention. In reply to a question put by myself to the Fruit Commissioner, it was stated that the appropriation for administration purposes for enforcing the Act had remained approximately the same from

(Continued on Page 7)

POPE PIUS SOON TO COIN OWN MONEY

ROME, April 10.—The Popoli di Roma's Vatican City correspondent states today that Pope Pius would start coining his own money during the second half of 1930.

WELL-KNOWN VICTORIAN IS MOTOR CAR VICTIM

VICTORIA, April 10.—James R. Anderson, the oldest resident of this city and former Deputy Minister of Agriculture, was struck by an automobile last night and killed. (Mr. Anderson will be remembered by old-timers as a fairly frequent visitor to the Okanagan when Deputy Minister, over twenty years ago, and his death will be widely regretted.)

AIR AND NAVAL SERVICES TILT IN HOUSE OF LORDS

LONDON, April 10.—The "war lords" of Britain last night were joined in debate in the House of Lords. It was a tilt between the services, with Lord Trenchard, Marshal of the Royal Air Force, throwing down the gauntlet. He demanded a statement of their air policy from the Government.

It was Earl Beatty of Jutland fame, and the man who received the surrender of the German fleet in 1918, who took up the cudgels for the Navy. He submitted that aircraft were unable to do the work of warships, for instance, in the Red Sea and Persian Gulf, in getting at sufficiently close quarters to investigate the real character of slave-running vessels.

TREES AND SHRUBS FOR HOSPITAL GROUNDS

List Of Suitable Varieties For Guidance Of Donors

To carry out successfully the scheme for the improvement of the grounds surrounding the Kelowna General Hospital, which work will be under the supervision of Mr. W. T. Hunter, Superintendent of the Dominion Experimental Station, Summerland, who, as previously announced, has volunteered his assistance and has mapped out an attractive and inexpensive design for the beautification of the grounds, quite a number of trees and shrubs suitable for planting on the low-lying site of the Hospital, where the water table is close to the surface, will be required.

Of the number needed to carry out the scheme, about 125 trees and 100 shrubs will be contributed by the Experimental Station, and it is hoped that the people of Kelowna will thin out their surplus plants and bestow them upon the Hospital. If this is done, all the necessary bulbs, perennials, shrubs and other essentials will be available for use in the Hospital beautification scheme.

The following list of suitable trees and shrubs has been prepared by Mr. Hunter, and donations will be gratefully received by the Hospital Board:

Parking Trees.—White or American Elm, Sugar Maple, Norway Maple.

Large Shrub or Trees for Specimens.—Mountain Ash, Flowering Dogwood, Norway Spruce, Englemann's Spruce, Arbor-Vitae, Silver Birch, Flowering Crab Apple, Larch, Red Dogwood.

Flowering Shrubs.—Laurum (Buddleia), Lilac, Syringa (Mock Orange), Hawthorn, Weigela, Forsythia, Elderberry, Spiraea, Snowball, Japanese Quince.

Berried Shrubs.—Japanese Barberry, Purple Barberry, Hawthorn, Cotoneaster, Horzontalis, Cotoneaster Mitrifolia, Berberis Aquifolium (Oregon Grape).

FRANCE AND ITALY WILL SIGN AGREEMENT

LONDON, April 10.—Naval conference experts have been put to work at drafting a five-power agreement, which both Mr. Briand of France and Signor Grandi of Italy have tentatively agreed to sign as an outgrowth of U.S. intervention this morning.

This treaty, it is said, will be in effect a comprehensive three-power pact between the United States, Great Britain and Japan, but will include numerous points on which all five powers are agreed and which France and Italy can sign.

VETERANS TAKE ACTION UPON IMMIGRATION

Kelowna Branch, Canadian Legion, Urges More Restrictive Policy

The members of the Kelowna Branch of the Canadian Legion discussed the problem of immigration at considerable length at the annual meeting, held in the Club House on Thursday evening. Several speakers voiced alarm at the results of the policy of immigration, especially in regard to Central Europeans, which is being pursued, and ultimately the following resolution, which explains itself, was passed unanimously, copies to be sent to the federal authorities, Mr. George Stirling, M.P., and others concerned:

"Whereas, this country is being flooded with a low class of Central European immigrants who are accepting work at wages much below the standard desirable in this Province, with the result that they not only inflict disastrous competition upon Canadian working people but also, by reason of the small total amount of their earnings, are unable to tide over the customary period of unemployment during the winter and properly feed and clothe their families;

"And whereas the medical inspection of these immigrants is so slack that instances have occurred where immigrants of less than one year's residence in Canada have had to be confined to a mental asylum;

"And whereas both the above named conditions are throwing an increasing number of these immigrants as a charge on the local and Provincial authorities;

"And whereas it would appear that this state of affairs is largely due to the latitude allowed by the Government to transportation companies in encouraging indiscriminate immigration.

"Now, therefore, be it resolved that the Kelowna Branch No. 26 of the Canadian Legion, B.E.S.L., do petition the Government to amend the policy of immigration in such manner as to prevent the entry of immigrants of a low standard of living, wages and morals, with the encouragement of suitable immigrants of Nordic stock, together with more rigorous medical examination before entry and the same qualifications as now apply to British immigrants."

TWO-WAY TELEVISION IS DEMONSTRATED

NEW YORK, April 10.—The curtain yelling the telephone of the future was jerked aside for a moment today in the first practical demonstration of two-way television by the American Telephone & Telegraph Company. Seated comfortably in an arm-chair, users of the device looked each other directly in the eye as they conversed, two and one-half miles apart. It was made possible by a number of improvements in the elaborate apparatus required to transmit and receive clear and easily recognizable pictures.

MARKET OPEN FOR BURLEY TOBACCO

Good Prospect Of Reviving Local Industry—Coast Firm Will Buy Crop Up To Fifty Acres

For some thirty-six years the tobacco industry in the Kelowna district has had a most flittish existence, consisting of more "downs" than "ups." That tobacco of several different varieties can be grown with success has been demonstrated amply, but the same measure of satisfactory results has not followed the many attempts made by various concerns to market the crop in leaf form or to manufacture it into cigars. The history of the effort to make the tobacco industry in this district a permanent one abounds in financial disaster and wrecked enterprises, in fact to an extent unparalleled by any other branch of agricultural endeavour. The result is that farmers are now disposed to look with askance upon any one who mentions tobacco as a crop, hence it is with some trepidation the statement is made that there seems to be a distinct chance of a real revival of the industry on a sane basis.

It has been the misfortune of growers to have to deal in the past with concerns whose finances either were shaky from the outset or were so badly mismanaged that there was no hope of success, and it has always been the hope of those most keenly interested in the success of tobacco culture that a firm of world-wide standing and impregnable financial strength, such as the Imperial Tobacco Co., could be induced to enter the field here, either in the purchase of leaf or the manufacture locally of the leaf into the finished article. These hopes have not been realized, but at last a firm of unquestioned financial responsibility has come forward as a buyer of the local product.

For some time past the large departmental store firm of David Spencer, Ltd., Vancouver and Victoria, has sold a smoking mixture of B. C. tobacco under the name of "Kelowna Pride." The demand for this tobacco has increased to such an extent that representatives of the firm had to look afield for additional leaf, and last week they arrived in Kelowna and made a deal for the balance on hand of the Burley crop of 1927. They were so pleased with the quality of the tobacco crop that they expressed readiness to take the product of as much as fifty acres, if growers could be induced to plant that acreage. The crop will be paid for according to quality. According to the statements made by the representatives, the price should average about eighteen cents per pound, with better qualities running up to twenty-five cents per pound. A medium weight leaf of reddish colour is preferred.

A supply of Burley seed from the Dominion Experimental Station at Summerland is available at the Board of Trade office for distribution to intending growers, who will have to lose no further time, as the period available for raising plants before time of setting out is only about two months.

KELOWNA GAINS PROVINCIAL HOOP TITLE

Intermediate A Team Scores Decisive Victory Over Mountain View "Pals" Of Vancouver

Flashing a characteristic second half attack, the Kelowna Intermediate A quintette triumphed over Mountain View "Pals" of Vancouver and annexed a B. C. title for themselves at the Scout Hall on Saturday night last. The best crowd of the season turned out to witness the championship event and the Coast winners were rated high and deservedly so, therefore the work of the local quintette in decisively defeating the conquerors of the best of the Coast hoop teams, and giving Kelowna the first provincial title obtained in several seasons, marks them up as a team that with careful handling should climb well up the basket ball ladder in seasons to come. A resume of the game follows:

Pebbles opened up the evening's scoring when he took a neat pass from McDonnell and sank his shot from the foul line. Chater and Pettman went in together and co-operated in an act under the hoop that proved to be a close call but resulted in no score. Bumstead came down the floor to tack on a brace of points with a piece of clever solo work. Pettman converted the technical foul and made the outlook brighter for the home fans by sinking a field shot shortly afterwards. With the score 4-3 and Kelowna one point in arrears, close checking and a general speed up of play that was already fast began. Pebbles came into the limelight again, this time with a pot shot from the side. Vancouver took time out for consultation and after the breather came back with a fast breaking game that kept the hard-working Kelowna defence busy. Chater, working in behind the Vancouver defence, worked a steal play and made his shot tally, again bringing the local crew within a point of the visitors. Pettman converted, to tie the score 6-6, and the local team matched

B. C. AND WASHINGTON TEACHERS CONFER

Successful International Convention Held At Oroville, Wash.

The first international conference to take place between the teachers of British Columbia and Washington schools was held in Oroville, Wash., on Saturday last, when equal numbers of Canadian and American teachers to the extent of nearly two hundred attended. The idea was originated by Superintendent E. B. Grinnell, of Okanagan, Wash., and was carried to completion with the assistance of the Okanagan Valley Teachers' Association. Much credit is due to the teachers on both sides of the boundary line when it is considered that many of them drove over 150 miles to attend the one-day convention. A number of teachers from the Kelowna schools motored to Oroville on Friday afternoon, returning on Saturday night.

The conference was called to order by Superintendent Grinnell at 9.30 a.m., and after two selections had been rendered by the Okanagan High School Orchestra, the assembly joined in singing the national anthems of both countries. An address of welcome was delivered by Mr. O. T. Peterson, President of the County V.E.A. Unit, Washington, which was responded to by Mr. C. J. Frederickson, President of the Okanagan Valley Teachers' Association. The two chief features of the morning were addresses by Mr. A. R. Lord, Inspector of Schools, Kelowna, and by Mr. N. D. Shewalter, State Superintendent of Schools for Washington. Mr. Lord gave an excellent exposition of the British Columbia system of school organization, and Dr. Shewalter spoke on a hundred years of advance in education and on international friendship.

An excellent lunch was provided by the Oroville Parent Teacher Association, and, during lunch, music was provided by the Oroville Glee Club.

The main events of the afternoon were addresses by Mrs. J. Earl Thornton, Field Secretary of the Washington Tuberculosis League, who spoke on public health work, and Mr. T. R. Hall, Provincial Inspector of Schools, temporarily of Vancouver.

The whole day was one of pleasant and profitable contacts for followers of the teaching profession, and there was every indication that this was but the first of many future international gatherings.

Among the interesting exhibits of school work on display was the prize winning art exhibit from the Penitentiary schools. This exhibit had captured first honours and the trophy at the Oroville Fair last fall.

TRACK MEET AND GYMNASIIC DISPLAY

Preliminary Programme Of Events Suggested For May 24th

Plans in connection with the track meet and gymnastic display, to be held under the auspices of the First United Church in Athletic Park, on May 24th, are rapidly taking shape. If the number of enquiries is an indication of the interest, the success of the meet is already assured. Continuing in line with the inter-scholastic spirit, the students will be at the peak of form, and a number of the working lads, with athletic ability, have signified their intention to enter.

The following, subject to revision, is the suggested programme of events:

Open to boys under 21 years of age: 100 yard dash; 220 yard dash; 400 yard dash; 1 mile race; 1 mile relay (4 boys); 220 yard relay; sack race; hurdles (3 feet); high jump.

Open to boys under 16 years of age: 100 yard dash; 220 yard dash; sack race; high jump; 1 mile relay (4 boys); 220 yards).

Open to boys under 14 years of age: 75 yard dash; three-legged race (two-boy entry).

Open to girls: 100 yard dash; 300 yards relay (4 girls); 75 yards).

A first and second prize will be given in each event, and a grand aggregate will be computed on the basis of three points for a first place, two points for a second place and one point for a third. One point will also be allowed for every inch cleared in high jump events, juniors to start at three feet, seniors at 3.6 feet.

An entry fee of 25 cents will be charged. This nominal sum will cover any number of events for one individual and has been fixed to confine the competitions to bona fide entrants.

In order that entrants may have every opportunity to train for the events, upon registration competitors may at stated hours have the use of the United Church gym and showers, and any assistance it is possible to render will be gladly given. The closing date for receiving entries will be May 10th. Preliminary races will be run off so that only finals will take place on May 24th, thus ensuring no delays and a tip-top programme.

Various gymnastic events are being worked up with folk dances included. It is probable, also, that a bicycle race will be featured, which, altogether, should comprise a most interesting afternoon's entertainment.

All entries should be in the hands of Mr. Bert Fiddes as soon as possible.

ICE JAM IN ASSINIBOINE RIVER THREATENS FLOOD

WINNIPEG, April 10.—Toiling Central Manitoba farmers today strove to blast aside the towering ice jam in Assiniboine River, which threatens to flood the low lands near Poplar Point, forty miles west of Winnipeg. Dynamiting efforts last night had proved unable to dislodge the mass of frozen cakes crowded twenty feet high.

NEXT WEEK FIXED FOR CLEAN-UP

All Good Citizens Invited To Do Their Bit Towards Making The City Spick And Span

April 14th to 19th is "Clean-up Week" in Kelowna. This was decided upon by representatives of the Rotary Club, the Gyro Club, the City Council, the Board of Trade, the Kelowna Hospital Society, the Kelowna District Horticultural Society and the Retail Merchants' Association, at a meeting held in the Board of Trade Room on Tuesday, when a General Committee, representative of all the organizations named, was chosen to take charge of activities relating to the annual cleanup movement in this city.

Due to the fact that the meeting was not held until Tuesday of this week, the Courier was not informed of the decision of the meeting until yesterday, little opportunity remains at this late hour to give "Clean-up Week" the publicity it deserves. However, if the citizens of Kelowna resolve to give their whole-hearted co-operation and make an endeavour to freshen and beautify their premises to correspond with the efforts of service and civic organizations, there is no reason why the Orchard City should not present a spick-and-span appearance prior to the opening of the fifth annual Okanagan Valley Musical Competition Festival in this city on May 1st.

It cannot be emphasized too strongly that the support of the individual is required to make "Clean-up Week" a success. A man cannot be immaculate with a dirty collar attached to a clean shirt; neither can a tidy street look self-respecting when its borders are burdened with unkempt lawns and rundown, unpainted buildings. Aside from appearance, a general clean-up will do much to prevent the spreading of disease and will make Kelowna look less inviting to pests that carry with them deadly germs.

All refuse that cannot be burned, provided it is placed in receptacles either in the lanes or on the streets in front of the premises, will be carted away by the city free of charge.

Another incentive to encourage the dressing up of personal property is contained in the announcement of the Horticultural Society, which, later on in the year, will give substantial prizes for the most beautiful gardens. Fuller details of this will be forthcoming later, but it is not too early to start now on the preparation of the garden.

The pupils in the upper grades of the Elementary and Junior High Schools are this week writing essays on the advantages of "Clean-up Week" and cash prizes, awarded by the Board of Trade, Messrs. C. Owen and R. G. Rutherford, Rotary Club; Mr. A. J. Hughes and Dr. J. W. N. Shepherd; City of Kelowna; Ald. O. L. Jones; assisted by City Engineer Blakeborough; Horticultural Society; Mr. Ben Hoy and General Harman; Retail Merchants' Association; Mr. O. L. Jones; Board of Trade; Messrs. L. R. Stephens, A. J. Hughes and O. St. P. Aitkens. A Zoning Committee, for the purpose of enlisting the co-operation of the occupants of property in districts into which the city will be divided, will be named by the General Committee.

The General "Clean-up" Committee, of which Mr. A. J. Hughes is Chairman and Mr. L. R. Stephens is Secretary, is composed of the following, with power to add to their number: Gyro Club; Messrs. C. Owen and R. G. Rutherford; Rotary Club; Mr. A. J. Hughes and Dr. J. W. N. Shepherd; City of Kelowna; Ald. O. L. Jones; assisted by City Engineer Blakeborough; Horticultural Society; Mr. Ben Hoy and General Harman; Retail Merchants' Association; Mr. O. L. Jones; Board of Trade; Messrs. L. R. Stephens, A. J. Hughes and O. St. P. Aitkens. A Zoning Committee, for the purpose of enlisting the co-operation of the occupants of property in districts into which the city will be divided, will be named by the General Committee.

Next week is "Clean-up Week." Let's show visitors to Kelowna a thriving, progressive city—a clean city.

EX-SERVICE MEN ENDORSE ALLOWANCE TO VETERANS

OTTAWA, April 10.—Broadly speaking, the ex-soldier organizations of Canada endorse the War Veterans Allowance Act, which provides for the granting to the unemployed ex-servicemen of a certain monthly allowance at the age of sixty, stated Lieut.-Col. L. R. LaFleche, President of the Canadian Legion, to the special Parliamentary Committee on returned soldiers' problems yesterday. The bill provides for considering the "burned out" veteran, who is wholly unemployable, eligible for the grant before he has reached sixty.

GANDHI DISAPPOINTED BECAUSE AT LIBERTY

BOMBAY, April 10.—Mahatma Gandhi's movement in defiance of the Government's salt monopoly continued today in various districts, and another of his sons, Davi Das Gandhi, was arrested and charged with sedition. The Nationalist leader remained free from police molestation and obviously was surprised at the official indifference to him personally. Observers who were close to him said he was disappointed.

AGED DUCAL AVIATRIX STARTS FOR CAPE TOWN

LUMPSINE, England, April 10.—The Duchess of Bedford, 64-year-old aviatrix, who made her first solo flight only on Tuesday, took off at 5.13 a.m. today on a long distance flight to Cape Town and return.

Canada's Representation

Canada was represented in the Assembly by her Premier and a cabinet minister, while Senator Dandurand was her representative in the Council of the League of Nations.

(Continued on Page 4)

ACTIVITIES OF LEAGUE OF NATIONS

Col. T. A. Hiam Tells Canadian Club Of Less Widely Known Phases Of Work

To the average layman the principal work of the League of Nations seems to be the task of preventing the countries of the world from flying at each other's throats, and it is not generally known that the activities of that body are multifarious, having to do with questions of economics and finance that have only an indirect bearing upon the maintenance of peace. Some fifty members of the Canadian Club of Kelowna had the pleasure of listening to a short address by Col. T. A. Hiam, Assistant to the President, Canadian National Railways, at a dinner in the Royal Anne on Monday night, which threw light upon some of the useful work of the League which receives little publicity.

In the absence of the President, Mr. F. M. Black, the Vice-President, Mr. H. F. Rees, occupied the chair. "O Canada" was sung at the outset, as is customary, the National Anthem being rendered later on. Mr. D. W. Sutherland said grace. During the repast piano selections were rendered, acceptably by Miss Betty Skinner.

Formal business occupied little time, being confined to the reading of a communication from Mr. Graham Spry, National Secretary, The Association of Canadian Clubs, Ottawa, notifying the Kelowna Club of the visit to Kelowna on Thursday, April 24th, of Col. David Carnegie, of London, England, who will speak on the subject of "The Issues at the London Naval Conference." Col. Carnegie is a distinguished civil engineer who filled many responsible posts during the war period in connection with the manufacture of munitions and ordnance.

Introducing the guest of the evening in complimentary terms, Mr. Rees explained that he was no stranger to British Columbia, although his present appointment was a recent one. Prior to the Great War, he had been private secretary to Sir Donald Mann and had visited the province repeatedly when the Canadian-Northern was projected.

His line from Edmonton to the Pacific coast. On the outbreak of hostilities he joined the Engineers and saw service in France and Macedonia. His conspicuous ability led to his appointment after the Armistice as a member of the Inter-Ally Railway Commission at Constantinople and later as Military Director of the Baghdad Railway. He returned to Canada in 1920 and undertook some railway construction work for Sir Donald Mann in northern British Columbia but he did not remain very long, as in 1921 he received the responsible post of Technical Advisor for Railways to the League of Nations, which he occupied for eight years, his duties taking him to many parts of the world. In October last he was appointed Assistant to Sir Henry Thornton, President of the Canadian National Railways, and he returned to the Pacific Coast to open the first executive office of that company in British Columbia.

Col. T. A. Hiam

After expressing his pleasure at being able to accept the invitation of the Canadian Club of Kelowna to address them, Col. Hiam said that naturally his first idea was to speak to them on the subject of the Canadian National Railways, but, reflecting that he had brought home to him that he would probably be telling them much that they knew already, so he had decided to speak on the work of the League of Nations, particularly in regard to phases that were little before the public.

Few Nations Outside League

The League of Nations was an important and growing organization, comprising some fifty-four nations, the only countries of any importance that were not members being Russia, Mexico, Turkey, Brazil and the United States. Brazil had resigned because she had failed to secure representation on the Council of the League, but was likely to return to membership. It was regrettable that the United States had not entered the League, her action in this regard being based upon her traditional policy of non-interference in European affairs, but the day for that policy had passed and it was no longer possible to avoid European affairs interfering with the United States. Many individual Americans were keenly interested in the work of the League and in the position and share of its activities taken by Canada. The United States was represented upon the Opium Commission of the League, the Economic Commission, the International Tribunal at The Hague and other bodies involved with the work of the League. Much help was given by that country in liberal donations of money by individuals and in technical advice, and there was not much fear of the ultimate result as to membership in the League.

There were three constituent units in the League, the Assembly, or legislative body, which met yearly, the Council, or executive, which carried out the policy of the league, and the permanent Secretariat of officials, some five hundred in number. English and French were the official languages, no others being used.

Canada's Representation

Canada was represented in the Assembly by her Premier and a cabinet minister, while Senator Dandurand was her representative in the Council of the League of Nations.

FOR HIGH CLASS JOB PRINTING GO TO THE COURIER

BOY SCOUT COLUMN

1st Kelowna Troop

Troop First! Self Last!

Edited by "Scribe".

April 9th, 1930.
Orders for week ending April 17th, 1930:
Duties: Orderly Patrol for week—
Otters; next for duty, Cougars.

Rallies: The Troop will rally in the
Scout Hall on Monday, April 14th, at
7.15 p.m., and the regular basketball
practices will be held on the Friday
previous at 4 p.m. only. Those who
are practising for the concert will rally
as usual at 7.30 p.m., on Friday also.

For marks for attendance, neatness,
etc., at the rally on Monday last the
Wolves again came out on top with 61.
The Wolves are to be congratulated on
the high standard of marks they have
obtained for the past six rallies. The
remainder are as follows: Owls, 45;
Beavers, 42; Cougars, 38; Eagles, 31;
Otters, 28. The call for uniforms at
the last rally was fairly well observed
by some Patrols, but on the whole the
percentage was very low and we hope
that there will be a much bigger turn-
out of uniforms at the first of next
month. The Eagles lose 5 marks for
failure of their Patrol Leader to report
on Friday and the Beavers lose 10
marks for their P.-L. being absent
without leave. The Beavers lose a fur-
ther 2 marks for being late to fall in
and also another 2 for conduct. With
marks deducted for unpaid dues, this
leaves the current Patrol Competition
as follows: Wolves, 871; Otters, 484;
Owls, 451; Eagles, 171; Beavers, 138;
Cougars, 91.

The Beavers have now handed in all
their registration fees up to date, there-
fore winning the third place for 100
marks. The remaining three Patrols
are asked to make a special effort to
get their registration fees in and take
advantage of obtaining marks towards
the current competition.

Recruits Earl Ward and Rattenbury
of the Owls and Lynn Harding and
Ronald White of the Wolves have all
successfully passed requirements for
the Tenderfoot Test. Scout William
Cross passed the Cyclist Badge before
Bert Johnston, examiner, which has
again boosted the Wolves up in the
Patrol Competition.

We have now received our various
parts for this year's Scout Play at the
annual entertainment. The play is
called "Froze Out," a financial frenzy
in one act, the author and director be-
ing Mr. W. Bredin. It is a highly a-
musing skit and the duration of same
will be a little over half-an-hour. The
characters are being played by George
Dunn, a former Scout, P.L. Ted Dodd,
Second Howard Ryan, Scout Bob Hay-
man and William Cross. The first prac-
tice will be held at 8.30 p.m. on Friday,
the 11th inst., and all those above-
named are asked to be present.

The date of our annual Entertainment
has now been decided upon for the
23rd and 24th of May, being Fri-
day and Saturday. Though there will
be other events on the second day of
our entertainment, it has been our cus-
tom to hold it every year on the above
dates, so it was decided not to change
it. A dance will be held again this
year after Friday evening's concert, as
we found last year that it was a very
good drawing card.

At the rally on Monday last the in-
vestiture ceremony was carried out
with fitting solemnity, those invested
being Scouts Billy Shugg, Talbot,
Thurba Cushing, Ronald White, Lynn
Harding, Earl Ward, Rattenbury, A.
Williams, Don Martin, Allan Martin,
Eddy Dunlop, Eric Chapman, and Bob
Hayman.

RUTLAND

Mrs. W. Sharpe and children arrived
by C.N.R. from Vancouver on Thurs-
day last.

Friends of Mr. J. Jensen will be
pleased to learn that he is now re-
covering rapidly from the very severe at-
tack of influenza he contracted while
on a visit to his parents in Iowa, U.S.A.

Mrs. A. Reser and the two boys, Ev-
erett and Melvin, left on Tuesday for
Bellingham, Wash., where they will
reside in future.

The annual general meeting of the
Rutland Athletic Club was held in the
Hall on Thursday evening last, with
an attendance of about twenty mem-
bers. The financial statement present-
ed by the Secretary showed a balance
of about \$10.50 in hand after payment
of all obligations.

Election of officers for the ensuing
year resulted in the return of the old
officers by acclamation, no one else be-
ing found willing to serve. They are:
President, A. W. Gray; Vice-President,
B. E. Hardie; Secretary-Treasurer, W.
Smith.

Baseball practices were arranged for
Mondays, Wednesdays and Fridays,
and the choice of Manager and Captain
was left to a special baseball meeting.

The possible revival of football was
discussed and it was agreed that a local
team could be fielded and, if suitable
opponents could be found, a game
should be played. Any district or or-
ganization desirous of a game should
get in touch with any of the club of-
ficers, or Mr. H. Thornton.

The matter of "ways and means"
coming up for discussion, it was de-
cided to hold a dance on or about May
1st, and a committee was appointed to
take charge of arrangements.

A committee was also appointed to
investigate a possible site for a base-
ball diamond near the Community
Hall and also to consider the feasibil-
ity of reversing the diamond on the
school field.

OKANAGAN MISSION

There will be no Sunday School next
Sunday.

At the Jumble Sale, held last Thurs-
day, at the Bellevue Hotel Annex, in
aid of the St. Andrew's Guild and the
Hospital Ladies Aid, a sum of rather
more than \$90 was taken, and
there is still something to come from
the sale of plants given by Mrs. W. D.
Walker.

The dance which was to have been
given by the Women's Institute during
the holidays has been postponed till
next month, as there were already four
dances arranged for Easter week and
it was feared that a fifth would be con-
sidered superfluous.

We have heard lately of the plague
of locusts that has been devastating
Palestine, but what of the plague of
wasps that is afflicting St. Andrew's
Church, Okanagan Mission? I defy
anyone to give proper attention to Di-
vine Service when a wasp is crawling
over his neighbour's collar—or worse
still—over his own! Let us trust that
before next Sunday some valiant
crusader will set out and demolish them
all with Fly-Tox.

Several of the Mission boys have re-
turned from boarding school for their
Easter holidays, and more boys and
girls are expected within the next few
days.

Mr. Poston returned to the Mission
from the Coast on Monday last.

MAY 8th IS GYRO WHIRL

2 OUTSTANDING ADVANTAGES

First, the mechan-
ism of General
Electric Refrigerator is
hermetically sealed and
mounted on top. It is quiet,
trouble-free and unusually
economical in operation.

Secondly, the cabinets are
built of all-steel . . . warp-
proof and strong as a safe.

Easy Terms Arranged

Several hundred
thousand owners
have learned that it costs
less to own a General
Electric Refrigerator. In
over three years not one
owner has had to spend a
cent for service. See the new
models . . . all equipped
with an accessible freezing
regulator.

1ST RUTLAND TROOP

"Do A Good Turn Daily"

Orders for the week ending April
12th:
The Troop will parade in the Com-
munity Hall on Friday, at 7.30 p.m.
sharp. Full uniform to be worn.
Duty Patrol: Kangaroos.

Attendance was down somewhat last
week, with 14 on parade. We are los-
ing two members, Everett and Melvin
Reser, but gain one new recruit, C.
Tucker, of Benvenuto. Our strength is
now 18, 3 patrols of six each.
A. W. GRAY, Scoutmaster.

WOLF CUB NOTES

1st Kelowna Pack

"Do Your Best"

The Pack will parade at the Scout
Hall on Wednesday, April 10th, at 7
p.m.

Cubs are again reminded that run-
ning shoes MUST be worn whilst tak-
ing part in games and parades in the
Scout Hall.

We have had another prize offered to
the Cub who sells the most tickets for
our drive, so get busy and sell hard, as
we want this to be a record event.
R. GARDNER, Cubmaster.

Spring housecleaning usually results
in finding an article stored away that
you don't need. Somewhere there is
some one who could use that article
and will pay for it. Find him through
a Courier Want Ad.

What date is Your Birthday?

If it's soon, better warn dad right away that you
want a bicycle more than anything else. Tell dad
how popular C.C.M. bicycles are today with boys and
girls. Tell him names of your friends riding bicycles.
Ask him to go with you to see the model you want, or
show him the picture of it in the C.C.M. catalogue.
Get dad interested now, and we feel sure he will give
you a C.C.M. on your birthday.

6 Big C.C.M. Features

There are many more points of
superiority than these six big fea-
tures, but, judged by these alone,
the C.C.M. is the "King of Bicycles."

1. C.C.M. 20-year Nickel Plating.
2. C.C.M. Triplex Crank Hanger.
3. C.C.M. Improved Hercules
Coaster Brake.
4. Three Coats of C.C.M. Enamel
baked on over a Coat of Rust-
Proof.
5. Gibson Pedals (on most models).
6. Dunlop Tires.

Your nearest C.C.M. dealer will
give you the new 1930 catalogue or
write to Canada Cycle and Motor
Co., Limited, Weston (Ontario),
Montreal, Winnipeg or Vancouver.

Now selling for dollars less than last
year. In fact, the lowest in thirty years.
Easy terms, too, if desired.

THE HOME OF THE VICTOR RECORDS

Modernism: Men labouring to make women happy; women dissatisfied because they have nothing to do.

At 20 she thinks a man's wife should outrank his mother; at 60 she thinks his mother should come first.

WESTBANK

Mr. James Duncan returned on Wednesday from a three months' visit to the Coast.

Mrs. Acheson has left for Victoria to spend a few months with her sister, Miss Fowler.

Mr. W. Ingram is making good progress in Kelowna Hospital after an operation on his wrist.

Mr. C. E. Bartley, representing the local Co-operative Growers' Association, spent two days in Vernon last week.

A meeting of the Community Club was held on Thursday night, to make arrangements for the opening dance to be held in the Community Hall, on the 30th April. Mrs. W. J. Stevens was present and suggested many useful ideas to make the evening a success.

A beautiful confirmation service was held in St. George's Church on Wednesday night by the Bishop of Kootenay. Ten were confirmed, including one man and two women. The church was decorated with daffodils and broom, sent by Mrs. Bronson, wife of the principal of the School, from Victoria. This kind act was much appreciated.

The joy of the confirmation service was somewhat dimmed by the bad news received on coming out of church that one of the school children, a girl of seven, Katrina Lundin, was missing. Everybody turned out and searched the countryside with gas lanterns. The police from Kelowna to Penticton soon joined in and a terrible night was spent in imagining all the awful things that might have happened to this little girl. However, at 7:30 the next morning, she came home, having spent the night with a near neighbour, the one house in this district that had been overlooked in the search. The church bell announced that Katrina was found and everyone rejoiced to find she was safe.

The funeral service for the late Mr. Alexander Cruikshank was held in the Schoolhouse on Sunday afternoon, Mr. Scott, of Peachland, officiating. The burial was in Westbank Cemetery. Mr. Cruikshank was a native of Edinburgh, Scotland, but had lived in Eastern Canada for some years. For the past three years he had lived with his widowed sister, Mrs. Masson Russell, helping her on her ranch. During the past winter he had suffered much with bladder trouble and passed away at Kelowna Hospital on Friday after being there six days. The sympathy of the whole community goes out to his son Alex and Mrs. Russell in their sad loss.

"Mother has sent this steak back. She says it is so tough she could sole our shoes with it."
"Why didn't she?"
"The nails wouldn't go through."

EAST KELOWNA

Spring time on the Benches is something to look forward to and dream about when the blossoms burst forth into a riot of beauty everywhere, but unless the stumps of trees that make ugly scars along the main road are removed, all the beauty will be marred and visitors to the Benches will be unable to appreciate the effect of blossom time on the K.L.O. Oh, what a blooming pity!

The boys from East Kelowna School played their first soft ball game of the season against the Mission Creek School last Friday, and went down to defeat. After playing a good even game up to the fifth inning, from then on they played wildly and lost every point. Mission Creek winning 43 to 27. Mr. B. Woodd and Mr. Dick Smith, who are both good sports, transported the players and some visitors to Mission Creek School grounds.

A Children's Party, arranged by Mrs. Davidson, was held in the Community Hall last Saturday evening from 7 to 10:30 p.m., under the auspices of the East Kelowna Women's Institute, and needless to say, they all enjoyed themselves, including the grown-ups who helped in one way and another. Mrs. Robinson and Mrs. Arthur at the piano, Mr. Davidson with the concertina, and last but not least, Mrs. Davidson and Mrs. Wilson, who both cheerfully served the refreshments. One is almost afraid to suggest that even children may get bored with too many parties, and they are given with such good intentions and unselfishly, by some of our members.

The Badminton Club, which is only of recent growth, is finishing up its brief season with a Tournament arranged by the Committee, which includes Mrs. Paterson, Mr. Dyson and Mr. A. Shaw, Secretary. Next season we hope to be a force to reckon with, just now we are like puppies and not to be taken very seriously, but some of the members look like coming champions. All hail to them!

The regular monthly meeting of the East Kelowna Women's Institute was held in the Community Hall on Tuesday afternoon, and there was a good attendance of members. We are proud to say the Institute now has a membership of twenty-six, and is still growing like into the green bay tree of the scriptures. Our popular President, Mrs. Porter, was in the chair.

The Secretary, Mrs. A. Miller, read the minutes of the previous meeting (which were confirmed) and also gave a brief financial statement that shows we are well on the right side of the ledger. It was arranged that we have classes for glove making next Wednesday and Thursday afternoon in the Community Hall and the services of Mrs. Maile have been procured as teacher. This class comes under the School Act.

The Baby Clinic, which is held every third Tuesday in the month, will be held for the first time in the Hall next Tuesday, so if there is any vocal music or voices of protest from the coming hopes there will be plenty of space for sound waves. Dr. Ootmar and Nurse Grindon will be in attendance. Mesdames Curtis, Paterson and Straug have the arrangements in hand.

Mrs. R. Smith sent in her resignation as chairman of the Amusement Committee, which was regretfully received. Mrs. Shaw and Mrs. Davidson also resigned and it was moved by Mrs. Evans, and seconded by Mrs. Fairweather, that a new Committee be formed every three months. The Committee now numbers Mesdames Evans, Ferguson and Fitzgerald, and their work will not be quite so strenuous.

Formerly we had an entertainment every Friday evening, but now that the busy season is on, the social evenings will be fewer. It was moved by Mrs. A. Shaw, seconded by Mrs. R. Smith, that we send a donation of ten dollars to the Ogo-pogo Broadcasting Club, as an appreciation of their kindness in giving us a splendid concert last month. Much time was devoted to a discussion over the coming sale of work to be held in the Hall, and it was decided to hold it on the 15th of May. This promises to be quite an affair and the first to be held in our new Hall and we hope to have the support of all the community in making it a success. All the members are working hard and would be glad of any donations towards it, which could be given to Mr. Dodd at the store. Any left-off clothing or articles outgrown, in fact anything usable and saleable, either in clothing or.

CHURCH NOTICES

ST. MICHAEL & ALL ANGELS. Cor. Richter St. and Sutherland Ave. Friday, April 11. Holy Communion at 10:30 a.m. April 13th. CHRISTIAN SCIENCE SOCIETY—Sutherland Block, Bernard Avenue opposite Palace Hotel. This Society is a branch of The Mother Church, Boston, Mass. Services: Sunday, 11 a.m. Sunday School, 10 a.m.; first Wednesday, Testimony Meeting, 8 p.m. Reading room open Wed. and Sat. afternoons, 3-5 p.m.

GUILD OF HEALTH.—Scripture Study for all interested in the subject of Spiritual Healing. Phil. 3: 13-14, Heb. 6: 1-2, Eph. 4: 11-15, 1 Cor. 14: 14-20, St. Luke, 2: 40-52, Deut. 13: 1-4, Deut. 10: 12-13.

As we come forward to the altar of love let us make an act of supreme faith. As we ascend the steps of this sanctuary the Master is holding out His Hand to each one of us with the invitation "Friend, come up higher."

In that faith and vision we enter this Holy Place. When we return from the Sanctuary let us remember we are not going out from the presence of God, for "the Kingdom of God is within you."

Abundant POWER!

The Dynamic New ERSKINE

This BIG 70-horsepower car offers a high ratio of power per pound and due to a new full-power muffler, pioneered by Studebaker, this power leaps to full action at your touch. Lowness, and a wheelbase 114 inches long, provide generous leg-room and head-room. The Dynamic New Erskine reveals its quality by such fine car features as Duo-Servo 4-wheel brakes; hydraulic shock absorbers; Costlier double-drop frame; Self-adjusting spring shackles; Thermostatic cooling; Timken tapered roller bearings.

A few words
can
save the
service.

A road gang engaged in
blasting operations. Bang!
And the telephone lines are
down.

Serious interruption to tele-
phone service can be pre-
vented in such cases if those
responsible for the blasting
will notify the nearest tele-
phone office in advance. A
telephone man will then co-
operate by stringing tempo-
rary lines around the scene,
and these will be immedi-
ately available for service if
the explosion tears down the
copper toll wires.

When telephone men are
not notified in advance, it
is often a matter of many
hours before service can be
restored.

**BEAUTIFYING
THE FARM HOME**

(Experimental Farms Note)

Every unimproved or unplanted
home in Canada can be made more at-
tractive and more valuable by the plant-
ing of trees, shrubs, vines and flowers,
and a well-kept lawn. The cost of the
nursery stock required is one of the
most profitable investments a farmer
can possibly make, because such im-
provements will actually increase the
money value of the place by many
times the amount spent in a simple plan
of home planting. It will make it more
valuable as a home and it will certainly
command a better price if put up for
sale.

It is surprising how a few im-
provements will turn a mere house into
a real home. In addition to its increas-
ed monetary value the attractive farm
home goes a long way in holding the
family together, in keeping the young
people on the farm. They will love
their home and be proud to bring in
their friends.

Some may say that it costs too much
or that it takes too much time to care
for flowers and shrubs. It is, however,
more a matter of disposition than of
time or money. The farmer who is
disposed to have flowers and attractive
home surroundings will have them, no
matter how busy he may be. Cana-
dian farms should be more than just
farms, they should be homes in the
country.

F. C. NUNNICK,

President,
Ontario Horticultural Association.

MAY 8th IS GYRO WHIRL

THE KELOWNA COURIER AND Okanagan Orchardist.

Owned and Edited by
G. C. ROSE

SUBSCRIPTION RATES
(Strictly in Advance)
To any address in the British Empire, \$2.50
per year. To the United States and other
foreign countries, \$3.00 per year.

The COURIER does not necessarily endorse
the sentiments of any contributor article.
To ensure acceptance, all manuscripts should be
legibly written on one side of the paper only.
Typewritten copy is preferred.
Amateur poetry is not published.
Letters to the editor will not be accepted for
publication over a "nom de plume"; the writ-
er's correct name must be appended.

Contributed matter received after Tuesday night
will not be published until the following week.

ADVERTISING RATES
Contract advertisements will please note that their
contract calls for delivery of all changes of
advertisement to The Courier Office by Mon-
day night. This rule is in the mutual inter-
ests of patrons and publisher to avoid con-
gestion on Wednesday and Thursday and
consequent night work, and to facilitate pub-
lication of The Courier on time. Changes of
contract advertisements will be accepted on
Tuesday as an accommodation to an adver-
tiser's convenience, but on Wednesday for the
following day's issue.

Transient and Contract Advertisements—Rates
quoted on application.
Legal and Municipal Advertising—First inser-
tion, 15 cents per line, each subsequent inser-
tion, 10 cents per line.

Classified Advertising—Such as For Sale,
Lost, Found, Wanted, etc., under the heading
"Want Ads." First insertion, 15 cents per
line; each additional insertion, without change
of matter, 10 cents per line. Minimum charge
per week, 30 cents. Count five words to
line.

Each initial and group of not more than five
figures counts as a word.

If so desired, advertisers may have replies
addressed to a box number, care of The
Courier, and forwarded to their private ad-
dress, or delivered on call at office. For this
service, add 10 cents to cover postage or
filling.

THURSDAY, APRIL 10th, 1930

**ACTIVITIES OF
LEAGUE OF NATIONS**
(Continued from Page 1)

League. Several Canadians were
members of the Secretariat. It was
noteworthy that Canada had obtained
a seat on the Council without asking
for it, and she played a great part in
it, as she could give advice without any
suspicion of ulterior motives. Her
three-year term on the Council would
expire next September.

Influence Of League For Peace

The influence of the League against
war was very great, while it could not
be said that it would absolutely pre-
vent war. As an instance of what had
been accomplished, the trouble between
Greece and Bulgaria in 1925 might be
mentioned. There had been fighting on
the frontier and Greece was pre-
pared to hurl a large force into Bulgarian
territory when Bulgaria appealed to the
League to stop the incursion. Officials
of the League took action at once and
warned the opposing troops not to ad-
vance. A commission was sent to the
seat of trouble and found that it would
have been merely a matter of hours be-
fore a big battle took place. Its invest-
igations proved Bulgaria to have been
in the wrong and a penalty of about
\$100,000 was assessed upon that coun-
try, which was paid. To preserve peace
and stop further frontier fighting a
corridor was established along the
border between the two countries by
retiring the boundaries so as to make
a gap of one mile, which was patrolled
by Swedish army officers. This en-
abled the people to cool off and there
had been no further trouble.

Another example was that of the
territorial dispute between Paraguay
and Bolivia. The Council had induced
Bolivia to withdraw her invading
troops from Paraguayan territory, and
the matter of damages had been refer-
red to the Pan-American Commission
for appraisal.

Still another settlement of a danger-
ous situation was that effected between
Italy and Greece.

The League was able to exert a very
powerful influence for peace by being
able to turn the spotlight of investiga-
tion on the seat of trouble. Rapid com-
munication by air and wireless had
changed things much since 1914. The
League was building a powerful wire-
less station at Geneva on neutral
ground, and an agreement had been
reached with countries that were mem-
bers of the League for use of their
wireless and telegraphic facilities, prefer-
ence over even state business being
provided for in emergencies.

How Mandates Are Enforced

Many people wondered how the
League, lacking armed forces, could
carry out its mandates. The method
employed was simply that of economic
sanctions, i.e., if a country refused to
obey the edicts of the League, it would
be cut off from all commercial inter-
course with other countries that were
members of the League, and it would
soon be brought to its knees.

Economic Phases

Quite apart from the delegates re-
presenting the various countries, many
distinguished people from the various
countries of the world assembled in
Geneva in connection with the work of
the Commissions appointed by the
League on Communications, Health,
Finance and Economics, to hold con-
ferences and discuss various problems
from an international viewpoint, and
their recommendations had much
weight.

The Commission on Communications
dealt with land and water transport,
aerial navigation laws, wire and wire-
less telegraphy, radio wave lengths, uni-
formity of road traffic signals, univer-
sal system of marking the location of
wrecks, charting the bed of the sea
through a Hydrographic Bureau, and
many other questions, committees be-
ing formed to pursue investigations and
make reports. The Commission includ-
ed the leading railway officials of var-
ious countries.

Many beneficial results had come out
of the work of the Communications
Commission, such as reorganization of
the railways of Upper Silesia and waiv-

ing of frontier formalities to expedite
passage of the express trains from Paris
to Constantinople. In the latter case,
owing to the changes consequent upon
the Great War, four different frontiers
were crossed by the railway within
twenty miles and customs examinations
would have caused lengthy delays, but
arrangements were made by the Com-
mission which permitted uninterrupted
passage of the trains.

Suppression Of Narcotics

Another branch of the League's ac-
tivities was concerned with suppression
of the traffic in narcotics. Opium con-
stituted a difficult problem, but it was
being attacked at its root. It had been
ascertained that most of the poppies
from which opium was produced were
grown in Persia, and the Persian gov-
ernment was approached to encourage
the cultivation of other crops. At the
request of that government, the League
appointed a commission to investigate
the agricultural possibilities of Persia,
and it reported that wheat could be
grown there but that there was great
need of transportation facilities. The
ultimate result of the work of the com-
mission was that the Persian govern-
ment had decided to spend a hundred
million dollars on railway construction.

Health

The League had offices and repre-
sentatives in many countries of this
continent, particularly in connection with
health. The Health Commission, for
instance, maintained an office at Singa-
pore, from which a report was re-
ceived weekly as to the situation in re-
gard to epidemics, and this information
was distributed from Geneva all over
the world. Studies in regard to pre-
vention of the spread of epidemics ex-
tended even to the employment of rat-
catchers to capture rats, the fleas from
which were examined for microbes. The
Health Commission worked in al-
liance with the Rockefeller Foundation
in the study of diseases and promotion
of the exchange of health officers from
different countries.

Finance And Economics

The Commission on Finance and Eco-
nomics formed a very important
branch of the work of the League, and
it included in its personnel some of
the brightest minds from all parts of
the world. It had accomplished some
very notable achievements, particularly
the financial reconstruction of Austria
and Hungary, whose financial struc-
tures were so stabilized that capital,
which had fled during the Bolshevik
chaos that followed the Armistice, re-
turned to these countries.

Again, Greece had asked for help to
deal with the problem of 1,200,000 peo-
ple of Greek race repatriated from Tur-
key by the Treaty of Lausanne. Greece
then had a population of about 5,000,
000 and had to deal with the tremen-
dous problem of assimilating this huge
addition to her numbers. The League
set up a commission to deal with the
matter, obtained a loan of \$28,000,000
for Greece in return for a government
monopoly, and 15,000 new houses were
built and money advanced for the pur-
chase of cattle and implements, but
none of the funds was used for charity.
In this way Greece was enabled to cope
with the difficulty.

Bulgaria had been constantly at war
from 1912 to 1918, and the League was
asked to rehabilitate the country when
peace came. The usual procedure was
followed of constituting a commission,
a loan was raised on the security of
government monopolies, and 120,000
Bulgarians were settled on the land.

The next economic problem might
be that of China should the Nanking
government ask the League to take it
up. It would form a very difficult mat-
ter, but there was no organization so
well qualified to deal with it as the
League, with the experience and suc-
cess gained in the cases of the other
countries mentioned, and the speaker
believed that the League was competent
to handle it. Such a programme as the
economic restoration of China in it-
self would be ample justification for
membership of Canada in the League,
the cost of which was trifling, amount-
ing to about a postage stamp per capita.
In all, the League had secured about

\$600,000,000 in loans to countries for
their economic reconstruction, but the
financial end was only a small portion
of the vast extent of its work.

Canada and Great Britain did not al-
ways vote the same way in League af-
fairs, but took various methods of
reaching the same end, and the manner
in which they agreed to disagree con-
veyed a valuable lesson to other coun-
tries.

At the conclusion of Col. Hiam's ad-
dress, Mr. H. V. Craig expressed, on
behalf of the members of the club, their
heartfelt thanks for his talk, which had
been of absorbing interest, revealing,
as it did, activities of the League that
were very little known in this part of
the world.

The gathering then dispersed.

**LIQUOR PROFITS DIVIDED
ON OLD CENSUS**
(Continued from Page 1)

spent, in other years considerably more.
It was proposed to follow much the
same lines as last year in publicity
work. The fruit exhibits made by Mr.
C. Tucker at Vancouver had brought
many enquiries, and the intention was
to continue financial support to him.
Advertising signs erected by the Board
would have to be maintained in good
condition, or they would reflect dis-
credit on the city. The leaflets issued
by the Board had been in great de-
mand, and a further supply would have
to be procured. They had been praised
very highly by officials of other or-
ganizations. Wonderful value had been
obtained through the printing of Ke-
lowna's advertisement on some 75,000
strip maps, 50,000 key maps and 10,000
Western Traveller's Guides, for which
a contract had been made with the B.
C. Advertisers, Ltd.

Last year had been fairly easy on en-
tertainment, but the Board expected to
have to spend a good deal more this
year. There were also other matters
involving expenditure, and it was their
hope that the Council would realize
that, like themselves, the Board mem-
bers were working energetically with-
out remuneration to promote a bigger
and better Kelowna.

Mayor Rattenbury said the Council
realized the excellent work that was be-
ing done by the Board and was sym-
pathetic with its aims and needs, but
it had to be taken into consideration
that the City was facing very severe
difficulties, brought about chiefly by
the large expenditure on the police en-
quiry, which was not provided for in
the estimates last year, and by the ad-
ditional funds required for school pur-
poses.

Mr. Rees replied that the difficulties
facing the Council were appreciated,
but Kelowna could not be allowed to
go down and the work of the Board
must be maintained.

President Norris drew attention to
the fact that the members of the hard-
working executive of the Board fre-
quently entertained visitors at their
own expense and thus helped to eke-out
the funds of the organization.

Mr. Stephens said that one of the
reasons why Mr. Rees had added \$150
to the figure of last year's grant was
to provide for the purchase of a suit-
able cabinet in which to display tro-
phies won by Kelowna for exhibits of
fruit and other achievements. The
money would be well spent, as the dis-
play would show to visitors what Ke-
lowna had done. Many of the trophies
had not been seen for years and were
stored away in attics or other places
where they were of no service.

Mr. Hughes, as chairman of the
joint committee appointed by local or-
ganizations to carry on the Clean-Up
Week campaign, asked that the Coun-
cil make the same arrangements in aid
of the work as last year.

Co-operation was promised by the
Mayor.

Before the deputation withdrew, Mr.
Rees gave a final assurance that if a
civic grant of the amount requested
was made, he, as chairman of the Fi-
nance Committee, would see that it was
not under-spent. (Laughter.)

**West Canadian Hydro
Electric Corporation Ltd.**

First Mortgage 6% Gold Bonds

The Hydro Electric Industry

THE Electric Light & Power Industry enjoys
certain advantages over most other types
of business. First, it supplies an essential
service and is usually protected from competi-
tion. Second, the product it sells does not
fluctuate rapidly in price. Third, collection
losses are negligible and inventory depreciation
non-existent.

In addition—an ever widening number of uses
has multiplied the demand for power.

As a result of the stability and rapid growth of
the industry, bonds of well managed Power and
Light Companies operating in suitable terri-
tories are highly regarded both by private and
institutional investors.

With ample generating facilities, able
management, a growing territory in
which to operate and a proven earning
ability we consider that the First Mort-
gage 6% Bonds of the West Canadian
Hydro Electric Corporation an excellent
investment.

Price 99½ and accrued
interest to yield over 6%

Local and Personal

Mrs. O. St. P. Aitkens was a Canadian National passenger to the Coast on Tuesday.

Mr. Jack (Scotty) Nichol returned on Tuesday from Vancouver, where he spent the winter months.

Mr. A. M. Crawford, of the staff of the local branch of the Royal Bank of Canada, is on vacation at the Coast.

"Bill" Chater and "Jimmy" McClelland left on Monday by Canadian National on a business trip to New Westminster.

Trenwith Limited have been awarded contracts for the electrical installations in the new lakeshore auto camp and at the government wharf at Penticon.

Mr. A. L. (Mac) McCallum, of the Canadian Bank of Commerce, who had been with the local branch for the past year, left on Friday for Oliver on relief work.

Fire Chief J. D. Pettigrew gave an informative talk on fire prevention at the regular weekly luncheon of the Rotary Club, held in the Royal Anne Hotel on Tuesday.

Mr. and Mrs. W. E. McCubbin, of Merritt, arrived in town on Friday and will take up residence on the Major Farming property, which they purchased several months ago.

Capt. C. R. Ball attended a meeting of the Board of Directors of the Associated Grocers of B.C. in Vernon last week. Mr. G. A. Barrat, of the Committee of Direction, also attended the meeting.

The church of St. Michael & All Angels will be consecrated by the Rt. Rev. the Bishop of Kootenay, D.D., on Sunday, April 27th, at 10.30 a.m., and the Sacramental Rite of Confirmation will be administered at 3 p.m.

Messrs. A. H. DeMara & Son, whose offices are now located in the Buckland Block, will next week move into the premises adjacent to Messrs. P. B. Willis & Co., which they will occupy in conjunction with the Oak Barber Shop.

Quite a number of Kelowna people, friends of the deceased, attended a funeral at Vernon on Thursday afternoon last of Miss Kathleen M. McMechan, who passed away in the Kelowna General Hospital, where she had been a nurse in training.

The annual dinner of the Seaforth Association, commemorating Vimy Ridge, will be held in the Hotel George, Vancouver, on Saturday, April 12th, at 7.30 p.m. The secretary is Mr. Jas. Wellburn, 3759 West 23rd Avenue, Vancouver, from whom tickets can be obtained.

The Hon. J. W. Jones and Mrs. Jones returned home on Monday from Victoria. The trip from Vancouver was made by motor car over the Fraser Canyon Highway, which is still rough in sections. Mr. Jones declared that the best stretch of highway encountered on the trip was between Vernon and Kelowna.

The Rev. A. K. McMinn left this week for Toronto, where in his capacity of President of the British Columbia Conference and as sole representative of the province, he will attend the sessions of the Transfer Committee of the General Council of the United Church of Canada. He will be absent about two weeks.

Mr. and Mrs. A. C. Milne left yesterday for Lavington, where they will reside. Mrs. Milne, who has the piano in "Bill" Murray's Orchestra, will be greatly missed by her many friends, who made a presentation to her on the eve of her departure. Two daughters, Connie and Dorothy, will remain here until school closes.

A number of dwellings are now under construction in the south end of town. Mr. D. Jennings is erecting a house at the corner of Vimy Avenue near the lakeshore, and Mr. G. H. Kerr is building a house on Vimy Avenue, while dwellings are being built for Mrs. Mott and Miss M. Turnbull on Albion Street.

Col. T. A. Hiam, Assistant to the President, and Mr. J. Macrae, General Freight Agent, Canadian National Railways, arrived in town on Saturday by rail and went south the same afternoon by the "Pentown" to Penticon. They returned by motor car in order to see some of the country along the west side of Okanagan Lake and left during the early hours of Tuesday morning, their private car being attached to a freight.

CARD OF THANKS

The members of the family of the late Mrs. Elizabeth Ann Harvey wish to convey their appreciation for the sympathy and many acts of kindness shown them in their recent sad bereavement. 35-1p

IN MEMORY OF "MICKIE"

Nurses' Home, Kelowna, B.C., April 4, 1930. In loving memory of "Mickie," Kathleen McMechan, who passed away at the Kelowna Hospital on March 31st, 1930.

"Mickie" will be greatly missed by her sister-workers, patients and friends, who grieve sadly for her loss.

Our deepest sympathy is extended to her sorrowing parents and relatives. And may we add a word? To her patients, to her sister-workers, to her superiors and friends, she was always the same—respectful, loyal, gentle, never untruthful or careless and always cheerful.

Her parents had a right to be proud of her; and if we each take her virtues as our ideals, we know we will meet her "up there" when our turn comes. From a nurse who knew and loved "Just Mickie."

WANTED TO RENT.

WANTED TO RENT—Small furnished house by May 1st. P.O. Box 911. 35-1p

OBITUARY

Mrs. Elizabeth Ann Harvey

Following a short illness, Mrs. Elizabeth Ann Harvey, for many years an esteemed and respected resident of Kelowna, passed away at the family residence on Bernard Avenue, on Tuesday, April 1st, at the ripe age of seventy-seven.

The late Mrs. Harvey was born near Hamilton, Ont., daughter of Mr. Wm. Atkins, of Bimbrook. She married the late Mr. W. D. Harvey, who predeceased her in 1916, and they made their home in Ontario for a number of years until 1884, when they moved West, pioneering at Simlata, Sask., for twenty-three years until they made a further move to Kelowna an equal number of years ago, in 1907.

Four sons and six daughters survive to mourn her loss: William, Margaret, Minnie, Susan and Mrs. Geo. Robert, of Kelowna; James, of Penticon; John, of Rolla, B. C.; Charles and Mrs. S. J. Currie, both of New Westminster, and Mrs. A. B. Laffner, of Canmore, Alberta. Three sisters also survive, Mrs. (Dr.) Chas. Thompson and Misses Jennie and Mary Atkins, all of Hamilton, Ont.

The funeral service was held at the family residence on Thursday at 2.30 p.m., Rev. A. K. McMinn conducting. There was a large attendance of friends, who accompanied the cortege to the Kelowna Cemetery, and the floral tributes were numerous and very beautiful. The pall-bearers were: Messrs. J. Ball, W. R. Trench, A. W. Hamilton, G. Barber, H. G. Blair and W. Glenn.

Mrs. James Gartrell

Oldtimers throughout the valley will learn with regret that Mrs. James Gartrell passed away yesterday at her home at Trout Creek, Summerland. She was about eighty years of age and had been in feeble health for a year past.

Mrs. Gartrell moved from Stratford, Ont., with her husband and family, to Southern British Columbia in 1885, remaining for a time at Keremeos and Princeton before locating at Trout Creek about 1887. She was widely known among the older generation and esteemed because of her kindness and hospitality.

She is survived by her husband, who is aged about eighty-six, two sons, George and Fred, both resident at Summerland, and one daughter, Mrs. D. Lloyd-Jones, of Kelowna.

The funeral will take place at Summerland on Friday, at 2.30 p.m.

Mr. George Whyte, of Vancouver, who for the past twelve or thirteen years has been connected with the General Motors corporation, and who for the past two years has been visiting the Okanagan in their interests, has purchased an interest in the Okanagan Motors, Limited, at Vernon, where, with his wife and family he will reside. Mr. Whyte is well known in Kelowna.

Sir John Stainer's passion music, "The Crucifixion," will be sung by the choir of St. Michael & All Angels' Church on Sunday evening next, at 7.30. In this ever popular work, the last days' sufferings of our Redeemer are very feelingly portrayed in recitative, solo and chorus. The soloists will be Messrs B. Hayman and L. Baldock, Mrs. Stone, Messrs. F. Martin, P. Dunn, R. Stone, A. C. Poole, T. Hemming and R. Hewitt.

Rev. J. Williams Ogden, D.D., F.R.G.S., of Vancouver, one of the veteran preachers of the United Church, and a scholar and preacher of outstanding ability, will conduct the Palm Sunday services at First United Church on Sunday. Dr. Ogden is no stranger to Kelowna, as he is always accorded a splendid hearing by capacity congregations, as he invariably brings a message full of deep spiritual inspiration. It will be remembered that this gifted preacher painted and donated to First United Church the beautiful oil painting, "An Entrance to the House of God." He is one of the outstanding men of the United Church.

Mr. Julius Rickert, M.E., F.R.G.S., who not long ago made a geological survey of the Kelowna district and reported favourably upon the prospects of finding gas and oil here, is in Kelowna on a short visit. Mr. Rickert, who is past seventy, has been actively employed in geological work for over forty-five years, and his best work, from a Canadian standpoint, was done when he discovered the Crow's Nest Pass coal mines. Closely following this, he discovered and drilled the first oil producing area in Alberta, near the town of Pincher Creek, in 1902. Oil in commercial quantities was found at 1,230 feet, and Mr. Rickert has a sample of this oil with him. He was the first man to interest Mr. Dingman in drilling in the Turner Valley field and, as he declares, "it took a lot of persuading."

Mr. and Mrs. W. H. McDougall left on Saturday by Canadian National on a trip to the Coast.

According to Mr. A. J. Mann, Tobacco Specialist for the Dominion Government, Colonel Victor Spencer, Manager of David Spencer, Ltd., Vancouver, has promised to send a man to the Okanagan to buy the Buxley tobacco stored in the valley, which is of the quality they desire. Col. Spencer has already bought 900 acres of fertile land in the heart of the Sumas reclamation area for tobacco growing. It has been found that when the Sumas leaf is mixed with the dry-belt tobacco grown in the Kelowna district, the blend is very popular with smokers.

One hundred and nine boys and girls in the Armstrong district have joined the boys' and girls' poultry clubs which are being organized under the supervision of Mr. C. W. Game on behalf of the Department of Agriculture. There will be thirteen separate clubs altogether, consisting of five clubs hatching Barred Plymouth Rock eggs, two clubs with White Wyandottes, one club with White Leghorns, one club with Buff Orpingtons and three clubs with Rhode Island Reds.

LIQUOR PROFITS DIVIDED ON OLD CENSUS

(Continued from page 4)

Radio Association

A letter from Mr. J. W. E. Brown, Secretary-Treasurer of the Kelowna Radio Association and of the Okopogo Club, submitted the claim of the local broadcasting station to assistance from the civic treasury because of the valuable publicity given to Kelowna through the weekly programmes broadcast by the Okopogo Club since October last. "These programmes have resulted," the letter stated, "in widespread publicity for the City of Kelowna, greater, we believe, than any other medium of advertising which has ever been tried out. We are hopeful of continuing the work, with increased benefit, as the weekly broadcast becomes better known and looked for by the radio public. Acknowledgments have been received from the prairies, all parts of B. C. and from Montana, Idaho, Washington and Oregon in the U. S."

Additions and renewals to the transmitting apparatus had cost the heavy drain on the finances of the organization. The cost of operating Station 10AY was estimated at \$500 a year, and a substantial grant in aid was asked in order to enable them to "carry on the way we started out to do and to put on the quality of entertainment we have demonstrated our ability to offer."

CZECH MUSIC

President Masaryk, head of the republic of Czechoslovakia, is a great lover of music, and never fails to attach music to the ceremonial entertainments he gives at his palace in Prague. Much of his private leisure, too, is spent in the companionship of music, which art, by the way, is at a high level of excellence in Bohemia, the principal state of

Czechoslovakia. The opera at Prague is one of the finest in Europe. Splendid executants of music abound—Kubelik, Destinn, the Bohemian Quartette, are world-famous. Czech performers, while Vvorak and Smetana are equally famous Czech composers.

The nice part of getting a \$10-a-week raise is that you feel justified in adding \$20 a week to your charge account.

The proposed killing of wild horses by shooting them to clear the ranges in the Nicola Valley, is being warmly protested by Indians. It is estimated that there are between 1,500 and 2,000 horses, lean and scraggy, roaming the ranges in and about Nicola Valley, it is asserted that they are, as a whole, of practically no value, even as fox meat, yet are ruining the ranges for cattle and for the horses themselves.

TWENTY YEARS AGO

(From the files of "The Kelowna Courier")

Thursday, April 7, 1910

"The Kelowna Sawmill Co. are going into the business of manufacturing fruit boxes, and have ordered a complete plant for the purpose, including a two-colour box-printing machine, a box-nailer and other necessary apparatus, with which they will be able to turn out work equal to the boxes hitherto imported."

"Labouring men are in great demand owing to the commencement of work on so many large irrigation projects this spring, including those of the Kelgo-Canadian Fruit Lands Co., the Kelowna Land Co. and the Central Okanagan extension to Dry Valley. So far, the supply is entirely insufficient and the companies are at a loss what to do, as they are loath to import Orientals."

"Mr. F. S. Coates, of Calgary, took over Mr. J. Bowes' lease of the Lake View Hotel on April 1st, and the genial Jim will confine himself in future to the absorbing duties of managing the Sunset Ranch. Mr. Bowes has been lessee of the Lake View for nearly six years, and is justly popular with the travelling public, commercial men and the permanent guests of the hotel, who regret very much that he has severed his connection with it."

"Mr. Arthur Cosens, who had been visiting his brother, Mr. S. C. Cosens, returned to Vancouver on Monday. While here, he perfected arrangements for the handling of Kelowna cigars by his firm of Leeson, Dickie, Gross & Co., Ltd., wholesale grocers. They expect to dispose of from 1,000,000 to 2,000,000 cigars per annum, and the contract which they have made with the Kelowna Tobacco Co., Ltd., means another huge step forward in the success of the local tobacco industry. Mr. L. Holman, manager of the Kelowna Tobacco Co., is largely increasing the factory force, and in a week or two there will be over twenty hands employed."

"The fearsome Black Mountain grade will soon be a thing of the past, and in place of the 20 per cent pitch that was a misery to horses an excellent road with no worse grades than 7 per cent will take its place this spring. The road has been laid off by Mr. C. A. Stoess, engineer for the Kelgo-Canadian Fruit Lands Co., and work is being actively prosecuted on it by a large force under command of Mr. M. Heron, road foreman."

Through a disastrous outbreak of fire about 2.30 on the morning of April 5th, the implement warehouse of Mr. S. T. Elliott, on Bernard Avenue, was badly burned and four McLaughlin-Buick motor cars, besides a quantity of buggies, sleighs, farm implements and harness, completely destroyed. The Fire Brigade played two powerful streams on the blaze and, by good work, kept the flames from spreading to the framework of a new concrete garage adjoining, under construction for Mr. Elliott. The Brigade also quenched the fire in the office part of the building, thus saving books and papers and several sets of harness. His total loss was estimated by Mr. Elliott at \$16,000, with only \$8,000 of insurance, but, undaunted by his misfortune, he made arrangements forthwith for removal of the wrecked building and for erection of a large concrete warehouse to take its place. The origin of the fire was shrouded in mystery, but there was suspicion of incendiarism, as there was no stove in the portion of the building where the fire commenced, and the flames spread and other evidence, it appeared as though gasoline had been employed as the destructive agent.

In the previous issue there had appeared a half-page advertisement of McLaughlin-Buick cars, inserted by Mr. Elliott, and an article, "Passing Of The Horse," which furnished evidence that Kelowna at last had made of transportation. Some extracts from the article may prove interesting and amusing in view of the fact that horse-drawn vehicles are now comparatively rare.

"When the first motor cars to be used in this district appeared on the country roads a year or so ago, there was the usual trouble with horses to whom the sight of autos was a novelty, and protests were frequent from farmers who did not enjoy their favourite nag indulging in a French prouette upon his hind heels; but the predicted has come to pass, and the majority of horses have become quickly reconciled to the innovation. The result is a change in the feelings entertained by farmers towards motor cars, and Dame Rumour whispers that it will not be long before several of our prominent fruit growers will be seen handling the steering wheel instead of the reins."

NECKLACE MAY BE STOLEN IN CITY

Theft Of Famous Oryg Pearl Necklace Is Planned By International Crook

Madame Gyroso, possessor of the historic Oryg pearl necklace, the finest string of matched pearls in existence, valued at 100,000,000,000 Gyrosoles, is coming to Kelowna on May 8th to patronize the Gyro Whirl. She will be accompanied by a bodyguard of two of the world's greatest sleuths, who, with unceasing vigilance, will watch over the Madame's coveted jewels.

That the two detectives will have their hands full is revealed in late despatches from Chicago, where, it is stated, one of the most powerful and unscrupulous of international underworld leaders is preparing to come to Kelowna to steal the pearls.

However, if the necklace, which is heavily insured, is stolen here, a substantial cash reward will be made for the apprehension of the thief. Kelo Ker, the noted police reporter, has been put on the trail of the international crook, and he has also been assigned the task of keeping an eye on Madame Gyroso and her attendants. In his stories, the first of which will appear exclusively in this newspaper next week, Kelownians will learn something to their advantage. If the pearls are stolen, Kelo will surely give a clue or two that will lead to the capture of the thief, and to the successful amateur detective will go the reward.

GLENMORE

Mr. and Mrs. J. E. Britton, of Summerland, were week-end guests of Mr. and Mrs. E. W. Ferguson.

An interesting event took place on Sunday morning, at the Church service, when the Rev. A. McMillan christened Miriam Jeannine, infant daughter of Mr. and Mrs. C. Henderson, and Frances Lillian, infant daughter of Mr. and Mrs. L. Mount, before a large congregation.

Mrs. W. Hicks was hostess at her home on Tuesday afternoon for the Guild meeting, when members turned out in goodly numbers, twenty-four being present.

During the afternoon musical numbers were given by Mrs. G. H. Moubray, who accompanied Mrs. R. W. Corner in two songs.

The May meeting will be held at the home of Mrs. R. W. Andrews.

Mrs. W. Geary is spending a short time at the home of Mr. and Mrs. W. H. McDougall, during their absence at the Coast.

"A carload of McLaughlin-Buicks arrived for Mr. S. T. Elliott last week, comprising four cars, each one a different line, so as to act as samples of the various models made by the manufacturer. The autos are now on exhibition in Mr. Elliott's implement warehouse, beside the site of the new garage, and are well worth inspection. They include a Model F touring car, seating five; a Model 8 touring car, seating four; a Model 9 tourabout, with detachable tonneau, seating four, and a Model 10 runabout. All the cars are rated at 18-22 horsepower, and possess exceptional hill-climbing abilities, as was demonstrated by the Model 9, which has climbed the famous Sunset Hill to Mr. J. Bowes' ranch without making a stop. Other cars have been up the same hill, but not without assistance either human or equine, and the little No. 9's performance constitutes a record.

"Behold! The day of the motor-car is at hand in this valley, and an epidemic of mobilities will spread among the farming community as soon as the handiness, reliability and cheapness of operation of a good motor car becomes apparent. And the advent of automobiles may bring benefits in its train even to the conservative lovers of the horse, as multiplication of cars will undoubtedly lead to a movement for better roads."

The minister called at the Jones home one Sunday afternoon and little Willie answered the bell.

"Pa ain't home," he announced. "He went over to the golf club."

The minister's brow darkened and Willie hastened to explain:

"Oh, he ain't gonna play any golf. Not on Sunday. He just went over for a few highballs and a little stud poker."

MAY 8th IS GYRO WHIRL

FOR SALE—Modern six-roomed Bungalow. Verandah, sleeping porch, hot water heating, storm windows and doors; garage. Price, \$3,200.00.

Your Telephone System A Worthwhile Industry

THE Okanagan Telephone Company was incorporated in 1907 and as an operating industry—with the inclusion of the Summerland and Solar systems—has grown from a few hundred to over 5,000 stations.

It has labored through the lean years and the better years in an endeavour to meet the needs of each individual district.

It expended on new work, maintenance, and general operations in 1929 over \$100,000.00.

The material estimates for 1930 are \$30,000.00.

The payroll for 1930 will run \$75,000.00.

It has a regular staff of seventy-five employees on call or duty twenty-four hours a day for every day in the year—ready and willing to be of service.

Its service is bettered to the extent that you as a subscriber, interest yourself in this, your OWN industry.

CONVENTION OF HORTICULTURAL COUNCIL

(Continued from page 1.)

the inception of the Act, despite the huge increase in production of all commodities and the inspection personnel since the Act became effective.

Referring to the action on the tomato situation, asking for a lowering of grade requirements, so that B.C. growers could handle No. 1 tomatoes in a commercial way; to make a long story short, your representative was unable to convince the members of the Vegetable Committee of the necessity for the resolution, because, in his opinion, inspection as practised in British Columbia, and in Ontario, are entirely different. This condition is more than probably due to the fact that the Ontario producer has his market at his backdoor. He sells a large proportion of his production direct to the retailer or to fruit hucksters, who, in turn, distribute direct to the consumer, so that the Inspector seldom, if ever, has the opportunity to pass on the grade before shipment. Contrast this condition with British Columbia conditions where all fruit is inspected before loading, and a huge percentage is packed under the eyes of an army of inspectors, and you have the answer to the non-acceptance of your tomato resolution. I have mentioned only one commodity and one province, and am confining my remarks purposely to the things I have actual knowledge of, but I have a very strong presentiment that other commodities in other provinces are being handled in the same manner, so far as inspection is concerned. In other words, uniform inspection or anything like uniform inspection in Canada in actual practice does not exist.

The Fruit Commissioner informed me that onions were carried over the storage season at Leamington in the Government's storage warehouse and with a shrinkage of two or three per cent were able to be shipped as Canada No. 1. The writer has visited this storage warehouse and, while prepared to admit that crate storage with ventilation is superior to our common storage, I cannot reconcile such a low percentage of shrinkage at Leamington, when an average shrinkage of better than 30 per cent was incurred in real good common storage stock in the Okanagan, in putting up the same grade. A very strongly worded resolution combining the wording of the B.C. Fruit Growers' Association resolution on this subject was endorsed unanimously.

Onion Storage Warehouse

I regret to have to inform you that the Deputy Minister of Agriculture and the Minister of that Department were unable to secure the approval of the Treasury Council with respect to the appropriation for an onion storage warehouse for the Okanagan Valley. Mr. McArthurwell feels very keenly the action of the Treasury Council on this matter, particularly in view of his having allowed Mr. McIntosh, the Fruit Commissioner, to announce that the appropriation was available, so far as the Department was concerned. Dr. Grisdale, Deputy Minister, is now being approached by Mr. Grote Stirling in regard to the whole matter, and Mr. Stirling has promised to write your representative at an early date, giving us further information as to the ultimate status of the appropriation.

Sales On Consignment Act

As stated in my brief report, the resolution from British Columbia dealing with this Act provoked a tremendous amount of discussion in the convention, and as a result a committee was appointed of which Thos. Abriel, President of the B. C. Fruit Growers' Association, was one, to make a thorough enquiry and perusal of the Council's correspondence and minutes in relation to the Council's past and present activities regarding the Act since its inception. A full detailed report of their findings is to be found in the report to which they have all subscribed their names. This

report is too voluminous to include here, but newspapers will likely carry the gist of it in immediate issues.

In the writer's opinion, after perusing the above-mentioned report and taking part in the discussion at the convention, the Secretary of the Council, Major Duncan, and in fact all those whom the Act was designed to benefit, were, to say the least, lethargic so far as securing proper backing for the introduction and passing of this important piece of legislation. At the conclusion of this year's Council meeting, the Executive of the Council asked Mr. Paul Fisher, President of the Ontario Fruit Growers, and this year's Horticultural Council President, to proceed at the earliest possible date to interview all Attorney-Generals interested and impress on them immediate action. Mr. Fisher would have been in the West today, but that his presence was urgently needed at Ottawa in connection with tariff matters.

Potato Grades

The following resolution was endorsed: "Resolved, that not more than 10 per cent of the minimum diameter set forth in the Root Vegetables Act, in any potato grade, be permitted, and not more than 25 per cent of any shipment shall be less than 2 inches in diameter."

Secretary's Dual Position

As stated in my previous report, the only delegates in attendance at the convention who were critical of the dual position of the Secretary of the Council were the British Columbia representatives. All others in attendance felt that the fact that Mr. Burrows acted as Secretary for the Eastern Canada Fruit Jobbers' Association was of considerable material benefit to the Council as a whole, and further, that an extension of his duties in the matter of acting as Secretary to organizations affiliated or holding an associate membership in the Council should be encouraged, basing their argument on the necessity of unification and consolidation of all points of view through the Council. It was pointed out that, with the representation of the Jobbers confined, as it is, to two delegates, one from each of the Jobbers' Association in Canada, there was no possibility of the grower delegates being outvoted on contentious subjects.

Canadian-Australian Trade Pact

You are all probably familiar with the action taken by the Government re the Canadian dairy interests' opposition to the importations of butter from New Zealand. The representations of Canadian dairymen received scant consideration when voting time came round in the Federal Parliament. In view of the fact that the Canadian-Australian Trade Treaty was extended to New Zealand, one can hardly be optimistic of the possibility of securing the Government's approval of new changes in the pact in so far as the tariff on onions is concerned, when one sees what happened to the well organized efforts of the Canadian dairy interests.

The writer has, during the past several years, continuously made representations to Ottawa on this subject, pointing out the inconsistencies of Canada's trade treaty with both Australia and New Zealand, wherein Australia levies approximately thirty dollars a ton duty on onions exported to that country and New Zealand assesses a duty of five dollars on the same quantity, while onions entering Canada from either of these countries come in absolutely free of duty.

To sum the situation up, and no mincing of words, your representative is satisfied that the producer of onions in British Columbia has been and is being sacrificed and exploited so that manufacturers may move their product to Australia and New Zealand. If any further evidence of this is necessary, the recent increase in duty, effective December 12th, 1929, on onions entering Australia, from the above-mentioned thirty dollars to forty dollars per ton, should be sufficient.

Yours very truly,
FRED A. LEWIS,
Vegetable Representative.

RENOWNED DETECTIVE APPEARS IN TALKIES

Clive Brook Fills Title Role In "The Return Of Sherlock Holmes"

Sherlock Holmes, the world-renowned detective, waited until his forty-second birthday to make his first appearance in the all-talking motion pictures. In 1887, Sir A. Conan Doyle presented him in his first story, "A Study in Scarlet," and many other popular tales followed.

Now this popular detective character can be seen and heard at the Empress Theatre in "The Return of Sherlock Holmes," which will entertain on Thursday, Friday and Saturday of this

week. Clive Brook, one of the talking screen's ablest actors, is cast in the role of the super man-hunter, and you will meet most of the characters from the books such as Sergeant Gipper, Dr. Watson, Moriarty and Solly Cheese-cake.

The reason for "The Return of Sherlock Holmes" was the untimely murder of Captain Longmore on the eve of his son's wedding to the daughter of Dr. Watson. Holmes takes up the trail which leads him into the most thrilling adventure of his entire career aboard a trans-Atlantic liner and in New York. In New York, Holmes finds that the murderers of Captain Longmore were members of an international radio-tapping ring, of which Longmore was

a member. He succeeds in bringing them to justice and witnesses the happy wedding of the young couple.

"The Hollywood Revue," the greatest cast of celebrities ever assembled on any stage or before any motion picture camera is to be seen in "The Hollywood Revue," a big special musical extravaganza which will be seen and heard at the theatre on Monday, Tuesday and Wednesday of next week.

Marion Davies makes her bow as a song-and-dance comedienne in the revue as "Tommy Atkins on Parade," with a male ensemble of six-footers as a dancing bodyguard.

Norma Shearer and John Gilbert co-star in a modernized "Romeo and

Juliet" skit, and Bessie Love again wins honours with her inimitable clowning and acrobatic dancing as well as participating in novel song numbers with Polly Moran and Marie Dressler. Cliff (Ukelele Ike) Edwards wins fresh laurels as a screen artiste, and Karl Dane and George K. Arthur lend voice to the festive film.

Jack Benny, vaudeville star, acts as master of ceremonies and introduces Conrad Nagel as a singer. Anita Page shares the act with Nagel, and Charles King of "Broadway Melody" fame again croons lyrical ballads. Stan Laurel and Oliver Hardy join the show as musicians, and the Bros. Sisters again burst into song. Gus Edwards sings one of his original numbers with

an appropriate chorus.

Joan Crawford does a neat song and dance turn with The Rounders, lending a tuneful background. The Albertina Rasch Ballet is charming in a technicolour scene, and the Nattova Company thrills with a daring adagio. William Haines and Buster Keaton add merriment with featured skits and Gwen Lee is included in the elaborate cast of fun-makers.

The Penticton Branch of the Canadian Legion of the B.E.S.L. have decided unanimously to apply for a beer licence under privileges extended by the recent amendment of the Provincial Liquor Act.

Swift's Premium Ham or Bacon FOR EASTER

When you buy a whole ham, or by the piece, or sliced, look for the identifying words "Swift" in brown dots down the full length of the side.

Swift's Premium Savorifics are a most wonderful convenience. Premium Ham, boned, skinned, trimmed of excess fat, thoroughly cooked ready to serve.

As in the case of Premium Ham—Premium Bacon is also easily identified by the brand "Swift" which appears in dots on the side.

The merchants listed below are ready to take care of your Easter Premium Ham or Bacon Order. They have increased their stocks in anticipation of your needs.

Arrange for your Easter Ham or Bacon, at once, so you may be sure of getting Premium.

Premium Hams retain their full flavor when served, because they require no parboiling before broiling or frying.

Insist on Premium when ordering. The splendid flavor and general high qualities will make it worth your while.

FOR YOU AND YOURS

AVALANCHE

A SINGLE rock may start it. Down the mountain it comes, gathering others in its wake—uprooting—destroying as it goes. Swift, terrible, and devastating—AVALANCHE!

So it is with life. Today, safe, prosperous and seemingly secure—with home and family maintained by the rewards you reap from a growing business or career. And then—the AVALANCHE!

Any one of a dozen things can start it—unforeseen, unexpected reverses—bad debts—expensive sickness—perhaps the loss of a valuable partner with all that he represents in capital and goodwill. No matter what the cause—it signifies emergency, and emergencies like these too often spell all the difference between success and absolute disaster.

Herein lies the wisdom of insurance. It gives you, today, complete protection—guarantees a future of absolute economic security.

Find out now the many advantages of Mutual Life Insurance.

WEST CANADIAN HYDRO
ELECTRIC MARKETS BONDS

Proceeds Of \$1,000,000 Issue To Clear Up All Liabilities And Provide Working Capital

Announcement is made by Pemberton & Son, Vancouver, Ltd., of a new \$1,000,000 issue of 6 per cent First Mortgage Bonds of the West Canadian Hydro Electric Corporation Ltd. Funds provided by the sales of these bonds and from the sale of Debentures and Class "A" Shares ranking junior to the bond issue are to be used to refund a one year note issue, together with outstanding bonds and preferred shares of the company, to clear all outstanding liabilities incurred during construction and to provide sufficient working capital to put the company on a permanent and sound financial basis.

Residents of the Okanagan will remember that the company was first organized in 1927 to acquire the Diesel power plants in Vernon, Enderby and Salmon Arm and the Diesel and hydro-electric plant at Armstrong. Power and light was to be supplied from a proposed hydro-electric development at Shuswap Falls—first located and surveyed by engineers of the Canadian Northern Railway before the war. Certain difficulties in construction and financing were encountered by the company and early in 1928 the firm of K. E. Wilsey & Company became associated with the company, later assuming the responsibility for the completion of construction and placing Mr. A. C. R. Yuill, well known B. C. engineer, in

RESIDENCE SUFFERS
BY FIRE AND WATER

Defective Chimney Held Responsible For Outbreak Of Blaze

The residence of Mr. A. E. Hill, Richter Street north, was badly damaged by fire and water shortly before noon on Tuesday, when the house caught fire, presumably from a defective chimney. The Fire Brigade, which responded immediately to the alarm, worked hard and efficiently to save the building from becoming a total loss, and practically all of the fire fighting apparatus was employed to extinguish the flames.

Mr. Hill, who was not living in the house at the time of the fire, had intended to move in that afternoon. He had built a fire in the stove, preparatory to moving in, and the blaze apparently had its origin from that source.

Although the house was badly gutted, practically all of the furniture was hurriedly moved out of the building in time to save it from damage by water. The house, which is not beyond repair, is covered by insurance.

charge of the work. Under Mr. Yuill construction was finished and hydro-electric power was first delivered on June 15th, 1929, to Vernon, Coldstream Municipality, Okanagan Landing, Armstrong and Enderby. Power was delivered to Salmon Arm shortly after. Since that time the company has extended its service to include Lumby, Canoe, Lavington and outlying territory.

Under the agreement by which the company took over the former municipal plants, rates were to be reduced below those under which certain of the communities had operated. On the present rate basis it is pointed out that the company's contribution household rate is actually lower than any corresponding rate on the Coast. A comparison of the power rates with those of similar companies shows that here too the West Canadian Corporation rates are low. The result of this has been a very considerable increase in the demand for power for industrial and agricultural purposes. The company's stores also report growing sales of household appliances. So that, despite the reduction of rates, the company's revenue has shown a substantial increase since the completion of the new hydro-electric unit. The company has recently received several enquiries that may lead to the establishment of new industries in the district.

The present hydro-electric generating capacity, together with the standby Diesel plants, gives the company a net annual useful output at substations of 8,400,000 K.W.H. or approximately double present demands. In addition to its present power development at Shuswap Falls, the company has available undeveloped power sufficient to take care of its needs for many years to come. An important feature of the company's operation is that a large portion of its industrial load comes during the summer season when domestic demands are light. This provides the company with an unusually even demand throughout the year. Active management of the company will remain in the hands of Mr. A. C. R. Yuill, with Mr. C. Parkhurst as local manager.

No-account people are those who would at once respect if you should hear they were worth a million.

TUXIS BOYS WIN
STEWART SHIELD

Trail Rangers Make Good Showing In Tug-of-War

First United Tuxis Boys won the custody of the John Stewart Challenge Shield on Friday evening last, when they defeated their younger comrades, the Trail Rangers, by a score of 26 points to 13. The meet was held in the church gymnasium, and the evening's entertainment was one of the most enjoyable provided spectators in the school this season. Tuxis proved themselves too speedy in the races and soon wiped out their handicap of seven points.

In the tug-of-war, however, the Trail Rangers sprang a surprise by getting two straight pulls on the Tuxis Boys, but the feature of the evening was perhaps the high jump. The Trail Rangers, jumping first, received a big hand from the crowd for the plucky way in which they cleared the bar up to a height of 4 feet, 6 inches. The Tuxis Boys, after an unimpressive start, seemed tireless, and as the lath went up inch by inch excitement became keen. Not until the lath reached 5 feet, 2 inches, did Bill Bowser give up. Considering that there was no opportunity for training, the achievement is notable.

In the basketball game, Tuxis again proved supreme, the Rangers missing McKay.

At the conclusion of the events, Mr. L. Dilworth, in fitting remarks, thanked Mr. Stewart for the donation of the trophy and congratulated the Tuxis Boys on their victory. He also complimented the younger boys on their fine display.

The independent guy may do his own thinking, but when it is done he usually adds, "Very well, dear."

TRIANGLE FERTILIZERS—

TRIANGLE FERTILIZERS are used by the leading farmers in every district of British Columbia. By experience they have learned that they can rely 100% on Triangle Brands. Dominion of Canada Income Tax Returns DUE APRIL 30th

ACT PROMPTLY—

Accept the help offered
by Income Tax Inspectors

and Avoid Penalties

Every person who during the year 1929 had an income, from any source, of as much as \$1,500, if single, or \$3,000 if married or supporting a family, is required to make an income tax return.

If you are situated as above described, failure to make this return by midnight, April 30th, together with cheque or cash for at least 25% of amount of tax, will render you liable to a penalty equal to 5% of the total tax payable. (Limit of penalty \$500.)

To avoid incurring this penalty, obtain NOW, from your postmaster, or from the Inspector of Income Tax in your district, the necessary forms and make your returns at once. These forms are as follows:

Form T1 For Individuals other than Farmers and Ranchers.

Form T1A For Farmers and Ranchers only.

Form T2 For Corporations and Joint Stock Companies.

Each form contains in itself instructions for filling out.

By making your return by April 30th you gain in two ways:

First, you avoid penalties for delay.

Second, you qualify yourself for the privilege of paying in instalments.

**INCOME TAX INSPECTOR WILL HELP YOU
MAKE OUT YOUR RETURNS**

If there is anything in the income tax return which you do not understand, any Income Tax Inspector will be glad to explain what is required.

THINK IT OVER

Remember the old story of the Indian who heard about feather beds and thought he would try one? He took one feather, laid it on a plank and slept on it all night. In the morning he woke up with a crick in his back and growled: "White man say feather bed heap soft. White man heap fool." Some re-

tail merchants try advertising like that. They run an advertisement once or twice, and because they do not note a big increase in business say that advertising is not good for them. One feather is all right, but it takes more than one to make a feather bed. The same principle applies to advertising. If intelligently planned and used, satisfactory and profitable returns are certain. —The Review, North Vancouver.

WINFIELD

The regular meeting of the Women's Institute was held on Thursday afternoon. Arrangements were made for the Easter party to be held on Wednesday, April 23rd. Every child living or visiting in Winfield is invited to this party and is promised a good time and a good supper.

Arrangements were also made for the bird house and sewing exhibit by the boys and girls for April 17, in the afternoon. It is hoped that Major Albin Brooks will be able to be present. A 25c tea will be served to the adults. On Saturday of this week Miss Stevens, of Vernon, will give a demonstration of salad making at the Hall, to which all ladies are cordially invited, at 2.30 p.m.

On Thursday evening the Farmers' Institute held their regular meeting, at which the matter of a volunteer fire brigade for Winfield was again discussed, but, as the prices of extinguishers and hose, etc., were not to hand, it was laid on the table for the next meeting.

On Wednesday, April 16th, the Hall Committee will hold a social evening at the Hall at which the ticket for watch which is being raffled will be drawn.

A children's dancing class has been formed in Winfield under the guidance of Mr. and Mrs. Guild, of Kelowna.

Congratulations to Mr. and Mrs. Lodge on the birth of a fine baby boy.

Little Billy Lawley is home again after a week in the hospital with a sore ear.

Mrs. Brodie is home from the Coast, where she had spent the winter.

Mr. and Mrs. Moncees passed through on their way home from California.

"Says you," rumbled Old Bill as he produced his deadly briar and proceeded to load it. "D'you want t' make a dude outter me?"

"Impossible, my dear sir, impossible. Before such a remarkable thing could be accomplished you'd have to bring your bath dates a month or two closer together."

"Lay off'n me," growled the old commuter. "I don't need no nursemaid. I read one time where a man took a hot bath an' went out an' caught his death o' cold an'—"

"—and since then you have taken no chances on catching cold."

"No sire, an' I ain't gonna take—"

He paused and stared at his companion. "Think you're smart, don't ya?"

The man from Westbank had been reading cigarette advertisements and he felt the time was ripe to become nonchalant. He produced a cigarette and applied fire to the end, took a luxurious puff and forgot about the grime on Old Bill's neck.

"Clean-up Week, sponsored by any organization or any group of organizations in a town," he declared, "marks it as a progressive and conscientious community, one of which every resident may well be proud. Show me a dirty, shiftless town, with debris blowing about the streets, with offending odours outraging the nostrils, with tumbledown, unpainted shacks, with interspersed on various streets, with unhealthily looking individuals taking their fifth as a matter of course, and I'll show you a spot on the map dead industrially, socially, mentally. The old adage, 'Cleanliness is next to Godliness,' has lost none of its power with age, and any town, large or small, lacking to a pitiful extent in civic pride, is, in plain language, un-Godly."

Old Bill's furnace was rapidly getting up steam under forced draft. "Like t' hear yourself talk, don't ya? Wal, spout, you critter, spout—but lay off'n me."

The man from Westbank flicked the ash from his cigarette. "Kelowna's progressive organizations are behind this clean-up movement, and all they ask is the loyal support of citizens. If a man has an unsightly backyard, a sick-looking front lawn, a house that has been denied paint for the last ten years, neglected foliage or a garden sporting more weeds than flowers, Clean-up Week should bring such things forcibly to his attention. And I have no doubt that it will." The commuter glanced at Old Bill out of the corner of his eye. "Trimmed hedges help the general effect, as well. I hope you won't neglect the back of your neck."

"I ain't havin' no dude haircut, ef thet's whut y' mean," said Old Bill emphatically between puffs. "I ain't no sheik."

"Well, you're in no danger of being mistaken for one," asserted the commuter. "Not in that suit of clothes."

"And when the material originally in the suit has been displaced entirely by patches—what—what then? I suppose it has become a new suit."

Old Bill took his pipe out of his mouth and made a bulseye in the cuspidor. "You ain't by any chance gittin' sarcastic, are y'?"

But the man from Westbank declined not to answer. The boat hit the dock, and he walked ashore thinking of the paint and garden tools he was to buy, hoping desperately that the prices were in conformity with his pocketbook.

Old Bill sneaked up an alley to a barber shop.

The voyage had been successfully navigated.

Dr. W. H. Gaddes, Commissioner of Colonization and Immigration for the Provincial Government, will arrive in Oliver shortly to settle, with those affected, the differences which have arisen between the old settlers and the government over the payment of interest on old land values.

FERRY TALES

"Next week is Clean-up Week," announced the man from Westbank as the Okanagan liner bid fond farewell to the west-side and set out on her journey for the Orchard City.

"Huh?" grunted Old Bill. "What's goin' t' be cleaned up?"

"You, I hope, for one thing," said the man from Westbank blandly. "I presume I may look forward to seeing you after a shave, bath and haircut have done their worst."

"Is zat so?" returned Old Bill indignantly. "I had a shave last week an' I ain't due for another haircut fur a month yet."

"Ha!" exclaimed the commuter. "I thought it about time Clean-up Week rolled round again. Unless you come to town next week thoroughly renovated and with the seat of your best overalls properly patched, you may be mistaken for something the garbage man overlooked."

Old Bill jumped to his feet and swore eloquently. "Stifle when you speak them words, feller," he growled in conclusion, "or you'll land in a ash can afore long deaden a door nail."

The man from Westbank grinned. "Sit down, you old idiot. Paranoia pictures are not paying you to act that way. I merely said that during Clean-up Week you should endeavour to make your girlish figure harmonize with the spick and span environment of Kelowna."

"Says you," rumbled Old Bill as he produced his deadly briar and proceeded to load it. "D'you want t' make a dude outter me?"

"Impossible, my dear sir, impossible. Before such a remarkable thing could be accomplished you'd have to bring your bath dates a month or two closer together."

"Lay off'n me," growled the old commuter. "I don't need no nursemaid. I read one time where a man took a hot bath an' went out an' caught his death o' cold an'—"

"—and since then you have taken no chances on catching cold."

"No sire, an' I ain't gonna take—"

He paused and stared at his companion. "Think you're smart, don't ya?"

The man from Westbank had been reading cigarette advertisements and he felt the time was ripe to become nonchalant. He produced a cigarette and applied fire to the end, took a luxurious puff and forgot about the grime on Old Bill's neck.

"Clean-up Week, sponsored by any organization or any group of organizations in a town," he declared, "marks it as a progressive and conscientious community, one of which every resident may well be proud. Show me a dirty, shiftless town, with debris blowing about the streets, with offending odours outraging the nostrils, with tumbledown, unpainted shacks, with interspersed on various streets, with unhealthily looking individuals taking their fifth as a matter of course, and I'll show you a spot on the map dead industrially, socially, mentally. The old adage, 'Cleanliness is next to Godliness,' has lost none of its power with age, and any town, large or small, lacking to a pitiful extent in civic pride, is, in plain language, un-Godly."

Old Bill's furnace was rapidly getting up steam under forced draft. "Like t' hear yourself talk, don't ya? Wal, spout, you critter, spout—but lay off'n me."

The man from Westbank flicked the ash from his cigarette. "Kelowna's progressive organizations are behind this clean-up movement, and all they ask is the loyal support of citizens. If a man has an unsightly backyard, a sick-looking front lawn, a house that has been denied paint for the last ten years, neglected foliage or a garden sporting more weeds than flowers, Clean-up Week should bring such things forcibly to his attention. And I have no doubt that it will." The commuter glanced at Old Bill out of the corner of his eye. "Trimmed hedges help the general effect, as well. I hope you won't neglect the back of your neck."

"I ain't havin' no dude haircut, ef thet's whut y' mean," said Old Bill emphatically between puffs. "I ain't no sheik."

"Well, you're in no danger of being mistaken for one," asserted the commuter. "Not in that suit of clothes."

"And when the material originally in the suit has been displaced entirely by patches—what—what then? I suppose it has become a new suit."

Old Bill took his pipe out of his mouth and made a bulseye in the cuspidor. "You ain't by any chance gittin' sarcastic, are y'?"

But the man from Westbank declined not to answer. The boat hit the dock, and he walked ashore thinking of the paint and garden tools he was to buy, hoping desperately that the prices were in conformity with his pocketbook.

Old Bill sneaked up an alley to a barber shop.

The voyage had been successfully navigated.

KELOWNA GAINS PROVINCIAL HOOP TITLE

(Continued from page 1)

The Pals fast breaking game with a quick get-away of their own that took the leather up to the enemy shock troops.

Kelowna did a lot of shooting at this stage of the game, but efforts that seemed ear-marked for tallies failed to register. Meanwhile the local defence was disposing of enemy raids in no uncertain manner, and Pettman put his team in the lead for the first time with a converted foul throw, 7-6. The visitors tried a short passing style that tightened things up, while the first descended on the home squad in their shooting. Peebles went in for two quick ones and the score took a bounce upward on the Vancouver side of the book, 10-7. Kelowna took time out and shortly after the conclave the goal ended the first half with the Pals holding a three point lead.

The second chapter opened with a burst of speed by a determined Kelowna team that forced the Pals into a stubborn defensive fight. Chater made a foul throw count and Poole came up from the defence zone to add a field counter that put the teams on even terms, 10-10. Kelowna took time out when Taggart received a cut face and was forced to leave the playing floor. Pettman received a perfect deflected pass from Chater and scored coming in fast. The Kelowna lead was short-lived, however, for Bumstead hung in two more points for Vancouver and the score again stood even. Pettman solved the problem with a field basket and Chater went in with men on his neck to add another from under the iron.

Four points down, the Coast team talked it over in a time out period, but lost ground again when, on resuming play, the elusive Chater again robbed the opposing defence in their own stamping grounds and sent his team's total to 18 points. With the score at 18-12, Kelowna set the pace and the Pals seemed to tire. Griffith came up from under the hump to bring the score to 20-12, and Pettman added the odd point with a converted foul shot. Bumstead converted and added a point to the Vancouver total, but Griffith plugged the hoop with an overhead throw and followed with another field tally, 25-13. Chater scored from the corner and repeated shortly afterwards, just before the game ended with a score of 29-13 and the Kelowna squad in possession of the game and provincial Intermediate A title.

Individual performances can be picked from a team that individually and as a whole turned in a heady, fast game, the work of Bill Chater on the local line up was outstanding, his checking was tireless and his shooting in the second half particularly deadly. Pettman also did his share of scoring, incidentally converting four out of five foul shots. Poole on the defence played a steady game that broke up more than one ambitious attempt by the visitors. Peebles, in addition to being high scorer for the Pals, played a remarkably good checking game throughout, while Bumstead and McDowell gave him able support. The tall defence men, Clappitt and Mason, were always dangerous and possessed a good burst of speed. The teams:

KELOWNA: F. Taggart, W. Chater, 11; C. Pettman, 10; Griffith, 6; D. Poole, 2; Boyer, 1; Leathley, 29. MOUNTAIN VIEW "PALS": A. Bumstead, 5; J. Peebles, 8; M. Gordon; A. McDowell; W. Clappitt; T. Mason. Total, 13.

R. F. ("Dick") Parkinson handled the referee's whistle and "Stub" Rowcliffe made the calls from the sidelines. Their work was quick and their decisions well founded throughout, in the opinion of teams and fans.

United Church Girls Win From Vernon
The preliminary game, which was an added attraction, was between the Vernon Senior girls and the United Church Intermediate girls' team. The Kelowna girls, most of them playing their first year in the hoop game, put up a game that was full of determination from first to last, which carried them to victory by a score of 9-6. The game did not lag at any time and the final score and result remained in doubt until the final minutes. The teams:

KELOWNA: McCarthy, Taggart, Conway; G. McDonald, 2; Caruthers, 5; Jenkins, 2; Leathley; Hughes. Total, 9.

VERNON: McDonald, 2; Ward; Fyle, 4; Murphy; B. Baillie; E. Baillie; Edwards. Total, 6.

Referee, R. Taggart.

Following the games, the visitors were entertained at an informal dance and banquet, between fifty and sixty being seated at the supper tables in the Green Lantern Tea Rooms, where the get-together was held.

TENNIS

Local Club Receives Large Accession To Membership

Between thirty and forty new members have already filed membership applications with the Kelowna Lawn Tennis Club, and it is expected that the membership will reach the one hundred mark very shortly. Those wishing to join under the reduced entrance fee plan are advised by the Committee to apply at once to be sure of acceptance.

The official opening day of the club will be on Thursday, May 1st, when the club will be "at home" to all and sundry. Play actually started, however, on Thursday last and on Sunday all five courts were in use.

A mixed handicap American tournament is proposed for Easter Monday. Those wishing to play should enter their names on the list posted in the club house.

FOOTBALL

Organization Meeting Tomorrow Night

In preparation for the coming season, football enthusiasts will foregather at Butt's cigar store on Friday evening of this week, at 8 p.m., when it is hoped to have a good representative gathering present and plans drawn up for the projected Okanagan league.

BASEBALL

City Will Have Two Teams In Central Okanagan League

Discussing matters pertaining to the Central Okanagan Baseball League, a good turnout of players and fans, meeting at Chapin's on Tuesday evening, assured Kelowna of a continuance of the evening games which were so popular last year. Two teams from the city will be entered this year. The Ramblers, last year's finalists, are again making a bid for the league championship, won last year by the Hornets, who, owing to the departure of a number of their players, will not be able to field a nine this season. However, a young "Hornets" team is in the making, and an organization of young players, coached by C. "Larry" Dalton, will be the other Kelowna entry.

Delegates to the annual meeting of the league, which is to be held at Rutland Thursday of this week, were appointed, Jas. McLeod and H. Bourke for the Ramblers, and V. D. Lewis and C. Dalton for the Hornets. Following a general baseball discussion, the meeting adjourned after a hearty vote of thanks had been accorded Mr. Chapin for the use of his establishment as a place of meeting.

GOLF

Correction In List Of Fixtures

In the fixture list of the Kelowna Golf Club, as published last week, it was stated that the Trench trophy recently donated by Mr. W. R. Trench to the club, was for handicap play open to any interior golfer. This should have read: "Open to any amateur golfer in B. C. belonging to a recognized club." The trophy is a striking one, and from indications even at this early date will bring out some strong competition when it is contested for on the local course.

GRASS HOCKEY

Kelowna Loses Mixed Match Played At Vernon

Kelowna lost to Vernon in a grass hockey match played at Vernon last Saturday. It was a very good game and the sides were very even, Kelowna leading 3-2 at the end of the first half. The teams each consisted of six men and five ladies.

On Saturday next, Kelowna and Vernon will meet again in a return "mixed" match, which will be played on Dr. Bovee's field, beginning at 3 p.m. There will also be a practice game on Sunday, at 2.30 o'clock as usual, and all players are invited to turn out for this.

SUSPECT ARRESTED FOR VANCOUVER MURDER

VANCOUVER, April 10.—James D. Caldwell, 24, lithographer, has been arrested in Los Angeles on a charge of complicity in the fatal shooting of Mrs. Roderick Perrin, wife of a tailor here, last February, when, returning with the proceeds of a dance held by the Nova Scotia Society, she resisted a masked man near her home. Her husband, who was shot at the same time, recovered. Police declare that a second arrest in California is imminent.

BULLS RAMPAGE ON NEW YORK STOCK MARKET

NEW YORK, April 10.—The stock market started off on a wild bull rampage today as blocks of five thousand to thirty-five thousand shares changed hands at rising prices. Initial gains in the leaders ranged from a few cents to \$1 share. The total sales in the first half hour crossed the one million share mark for the first time this year. The ticker was twenty-two minutes behind at the end of the first hour. Peak prices for the year were registered by many stocks.

SOAK ASPARAGUS SEED BEFORE PLANTING

(Experimental Farms Note)

Asparagus seed germinates very slowly. It is usually two to six weeks from time of planting until the plants appear above ground. As a result it is often difficult to control weeds. For this reason and also because there is quite a variation in the young crowns, it is advisable to sow the seed in a small plot and transplant the crowns when one year old into the permanent location. The seed should be worked early in the spring to germinate as many weed seeds as possible. These will be killed in the final preparation of the plot for seeding. Asparagus germinates very slowly at 68 degrees. Best germination is secured by delaying planting until the temperature is between 75 and 85 degrees. The seed should be sown in rows 24 to 30 inches apart. In light soils sow 1/2 to 2 inches deep. In peat soils 2 1/2 to 3 inches deep. There is little advantage in deep planting except to keep the seed in contact with a permanent moisture supply and thereby insure germination.

The seeds should be soaked in water for 3 1/2 to 4 days at a temperature of 86 to 95 degrees F. When removed from the water they should be spread thinly on a canvas until the surface is dry. They should then be planted immediately in moist soil. The advantage of soaking is lost if seeds are planted in dry soil or are exposed to dry air for a considerable time. Soaking seed for short periods is of little value.

In planting the seeds a special effort should be made to drop the seeds one in a place. If dropped in groups the fleshy roots become interwoven and it is difficult to separate them at sorting time. At the same time some quickly germinating seed such as radish should be sown with the asparagus. These soon appear above ground and mark the rows. The plot may then be cultivated between the rows. Throughout the first season the seed plot should be irrigated frequently and the seedlings never allowed to dry out. One ounce of seed will sow 40 to 50 feet. Four or five pounds will seed an acre.

back to the fold

--- come those who have gone corsetless.

They're coming back now in droves, these slender women who had persuaded themselves that a foundation was unnecessary. For they are convinced at last that they just can't wear the new figure-tight dresses without a molding garment.

GOSSARD AND NEMO

THESE new lines are planned to meet the needs of every figure type. These corset designers anticipate fashion's trends—are alert to every new development in the styling of smart outerwear for women. Their creations of suitable foundations for the new styles are available to women at the same time new gowns appear.

The fabrics are of finest quality and in all the new patterns. The workmanship of these lines has long been an accepted standard of highest quality corsetry. 1930 figures need corsets.

1154—A new "garter belt" particularly suitable for slender figures. Featherly in weight, it gives just a little control to the uncorseted figure while gracefully smoothing out its lines. Made of pink novelty stripe fabric and elastic which allows it to fit the hips snugly and comfortably. Four elastic garters hold the belt in position and the stockings up. Sizes 24 to 32. Price \$1.50

11—Side hooking Garter Belt of pink all-over rayon stripe. Elastic insert at back; 4 garters. Sizes 24 to 30. Price \$1.00

745—Pink moire and rayon-faced knitted elastic are the materials used in this very smart 12-in. semi step-in. The front and back panels are lined with satin with three short bones concealed in the front lining and two long ones in the back. Four side panels of webbing shaped to control and mold. Directly at the side over the hips are panels of moire, with an extending point at the bottom to which is attached a garter, accentuating the downward pull and flattening the hips. There are six hose supporters in all and a cluster of pastel buds as trimming. Sizes 24 to 36. Price \$8.00

NOTE THESE POINTS

Inner Belt

Restful Hygienic Support and the correct lines for the fashionable figure. Graduated front steel. Diagonal bands of elastic give upward and backward swing. Vertical inserts adjust easily to sitting posture. Firm boning. Attached well toward the back to support and mold hips and back as well as abdomen.
